## PINKERTONS' SECRETS

### TOLD BY FORMER EMPLOYEE

**Morris Friedman Testifies As To Work Done in Colorado by Agents**

### MEN GOT POSITIONS IN UNIONS

**Copies of Report to Mine Owners Produced—Others Testify Concerning Orchard**

Boise, Idaho, June 29.—Morris Friedman, a former employee of the Pinkerton detective agency at Denver, who published his adventures and many of the confidential reports and records that passed through his hands in an attack on the agency, was a witness today for Wm. D. Haywood, charged with the murder of Ex-Governor Steunenberg. Friedman testified as to how the Pinkertons sent spies in to many of the important unions of the Western Federation of Miners.

Friedman has a shock of black hair, and is of marked Jewish type. Heavy thick glasses magnify his dark eyes. By name and by operating numbers he identified the detectives who succeeded in entering or getting close to miners' unions in Colorado. He produced voluminous copies of the reports they made to the agency for transmission to the mine owners. Friedman was a confidential stenographer under Detective McParland, and testified that it was part of his duty to recopy the reports of the operatives as they reached the office. Friedman swore that in several instances the detectives sent out by the agency at the behest of the mine owners got themselves elected to high offices in the unions, and that in a couple of instances they carried out daring parts to the extent of sharing all the hardships of strikers, being deported from the country with the strikers.

Ten feet from Friedman's chair sat Geo. W. Redell, who as a Pinkerton detective worked up to leadership in the Telluride union. Turning to him by direction of Clarence Darrow, the witness identified Redell, who smiled and touched his breast as Friedman pointed to him. Friedman said that one Pinkerton operative, A. W. Gratias, became chairman of the union strike relief committee at Globeville, and such had charge of all the funds and foods distributed there by the local union and the general federation. Friedman also said that under instructions from his superiors in the Pinkerton agency this man had tried to beggar the Federation by lavish expenditures for the strikers, and failing in this he cut the relief down to the lowest point in the hope that the members of the union might censure Haywood for stinginess.

Friedman was twice interrupted to make way for other witnesses, and did not get beyond the identification and a brief sketch of each operative employed in the espionage of the Federation's strike operations and the identification of several of the reports. The latter were not read, and will not be offered in evidence until Monday morning, when Friedman will continue his examination.

The examination did not show whether Friedman entered the employ of the Pinkertons as a spy on the labor organization, or whether his decision to make public his knowledge and the documents he took was reached after he was discharged.

Besides the production of Friedman as a witness, the defense offered a large amount of testimony covering Orchard's credibility, the dispute as to the time Orchard held his interest in the Hercules mine, the treatment of Jack Simpkins while a prisoner in the Idaho "bull pen," the motive for his murder of Detective Dyte Gregory, the whipping of men friendly to the strikers at Cripple Creek and the circumstances under which the processes of the civil courts of Telluride were disregarded by the military authorities.

Two witnesses swore that on the day the Bunker Hill and Sullivan mill was destroyed Orchard was at Mullan, eighteen miles from Wardner, engaged in a poker game, and Patrick McHale swore that he sat in the game. By various means, including a showing that McHale is a gambler, the prosecution endeavored to shake this testimony, but both witnesses stuck to their story.

J. H. Ramey, who formerly operated stage lines in North Idaho, testified that Orchard came to him on May 2nd, 1899, and offered to sell him his interest in the Hercules mine for \$400. Orchard testified that he sold his interest in the mine in February, 1897.

Frank Houch, who said he was sent to the "bull pen" in Idaho in 1899, for reasons that he never knew, described conditions in that military prison and described how negro soldiers required Jack Simpkins to stand for six hours in the hot sun one July day, refusing him water and kept him up by menacing him with bayonets.

Another witness as to the murder of Wm. Amole, once a watchman in the Portland mine, which acceded to the demands of the strikers at Cripple Creek, and continued to work with the union. In picturesque language, with good humor, Amole testified that after he was first driven from the district he sneaked back to get his furniture, only to be rounded up by the militia. The soldiers released him, but as he left the office of the Citizens' Alliance he was attacked by armed, masked men. He testified that they took him six miles outside of the town and then cruelly whipped him with a revolver butt and black snake whips.

Judge Theron Stevens, now of Goldfields, Nevada, but once of the district court at Telluride, traced the history

of the relations between the courts and the soldiery in the troublous times of the strike. He testified that when the deportees tried to obtain an injunction to return to their homes the governor again placed the district under martial law, and that the writ of habeas corpus and the subsequent order for arrest because of disobedience against the military authorities in the case of Chas. H. Moyer were both disregarded by General Sherman Bell and Capt. Bulkley Wells. Under cross-examination the witness said that some men had been killed in an attack against the Smuggler-Union mine in the Telluride district, and that subsequently Arthur Collins, manager of the mine, was murdered. There was also a showing that Detective Lyte Gregory had beaten officers of the United Mine Workers. The defense explained that this was offered as foundation for the assertion that somebody beside the Federation might have desired his death.

### To Tunnel Mont Blanc.

Geneva, June 28.—The first practical steps are now being taken in connection with the scheme for a tunnel through Mont Blanc. Seven French engineers have recently arrived at Schallanches, on the French side of the mountain, and thirty men are now engaged in preliminary studies and estimates. Another party of seven engineers is similarly engaged on the Italian side. A great international company has already been formed having as its head M. A. Monod, the eminent engineer of Paris.

## WEEK'S PROGRAMME FOR THE GORGE PARK

**Special Line of Bioscope Pictures on Account of the Holiday**

The Bioscope pictures and orchestral concerts at the Gorge park are becoming more popular every evening and the past week has witnessed a decided increase in attendance. The animated pictures shown last week were the best ever seen in this city, and were most favorably commented on by every one who witnessed them. For the coming week the management has secured several exceptionally fine films and the show will be better than that of last week. Among some of the subjects which will be shown will be "The Circus at Gorge Park," "The Husband," "The Angels Dream," and "Down on the Farm." These four films will give about an hour's show besides the orchestra.

Being a holiday week everything possible will be done to add to the pleasure of the patrons and to secure only those that have never been shown in Victoria. A change is also being made in the orchestra and commencing today the Victoria theatre orchestra will be in attendance. This orchestra is composed of six pieces and is one of the best balanced organizations in British Columbia. The first concert under the new orchestra will be given this afternoon commencing at 3 o'clock.

For tomorrow evening Leader Bantley has arranged an unusually good programme, which will include some of the very latest popular successes. The concert will commence at 8 o'clock and the pictures will be thrown on the screen as soon as it is sufficiently dark. At this time of the year it is daylight until almost 9 o'clock and shortly after that hour the first picture will be shown.

This will enable those who do not leave work until 8 o'clock an opportunity to visit the park and see the pictures without inconveniencing themselves in the least. The complete programme for tomorrow evening will be:

March.....Chief Executive  
Selection.....Woodland  
Valse.....Man and Superman  
Intermezzo.....Meno D'Amour  
Gavotte.....London  
Selection.....The Umpire  
Idylle.....Blossom  
God Save the King.

In arranging these evening entertainments the management has filled a long felt want and it is expected that with the coming of the warm evenings that there will be a much larger attendance.

## DOMINION DAY FIXTURES

The programme for Dominion Day is as follows:

Excursion to Vancouver steamship Princess Victoria 7.30 a. m.; Charnier 1 p. m.

Cowichan Bay regatta, excursion leaving per City of Nanaimo, 9 a. m.

Sunday school picnics:  
Calvary Baptist at Fisher's Beach; per B. C. Electric street cars leaving corner Herald and Douglas streets, at 9 and 10 a. m.

Victoria West Methodist and Burnside Mission at Fisher's Beach; per B. C. Elec. Ry.

First Congregational at White Lady Beach, Esquimalt; per B. C. Elec. Ry. Cars leave church at 10 a. m.

St. Andrew's and First Presbyterian, at Goldstream. Trains leave E. & N. station at 8 and 10 a. m., and 1.30 p. m.

Centennial Methodist at Bazar Park Sydney; per V. & S. Ry. Trains leave E. & N. station at 8.15 a. m., and 3 p. m.

Spring Ridge Methodist, at Bazar Bay; per V. & S. Ry. Trains leave station at 8.15 a. m. and 3 p. m.

Emanuel Baptist at Macaulay Point; per B. C. Elec. Ry. Special cars leave church at 9 a. m. and 10 a. m.

Special rates have been arranged on the railways and steamers and with fine weather the exodus from the city should be large.

**Body Found in Stanley Park**  
Vancouver, June 29.—The body of an unknown man, badly decomposed, was found by some workmen in Stanley park today. It was evidently a case of suicide, but the body cannot be identified.

## PRAIRIE DEVELOPMENT

### SHOWN IN CENSUS

### BULLETIN

**Great Increase in Population and Production in Past 17 Years**

### A RAPIDLY ACCELERATED GROWTH

**Increase in Past Five Years Particularly Noticeable—Figures on Grain Production**

Ottawa June 29.—A bulletin on the progress of the northwest provinces from 1876 to 1906 was issued today. In 1876 Manitoba had a population of 12,228. In 1881 the population of Manitoba and the territories was 105,681. This included Indians. There was an area of 56,971 acres in wheat.

In 1891, the population was 219,305, and the area in wheat 1,010,430 acres. In 1901, the three provinces as now constituted had a population of 419,512, and on June 24, 1906 they had 808,863, being an increase in five years of 389,351, as compared with the increase of 200,207 in the ten years, 1891-1901.

The area in wheat in 1900 was 2,495,466 acres, in barley 162,557 acres, and oats 833,390. This gave an aggregate yield of 4,300,000 bushels. The area in wheat, barley and oats increased from 3,491,413 acres in 1900 to 6,025,190 acres in 1905, and to 7,915,611 acres in 1906. The yield of the three crops increased from 4,252,644 bushels in 1900 to 112,244,929 bushels in 1905 and to 24,459,068 bushels in 1906.

The number of farmers increased from 31,815 in 1891 to 54,625 in 1901, and to 120,439 in 1906.

Owing to Hon. Mr. Fisher's holiday tour in Europe the date fixed for the coming into force of the act passed at last session of parliament providing for inspection of meats, fish and canned goods, has been postponed from August 1st to September 3rd, next.

## ELEVEN MEN ARE DEAD FROM WRECK OF TRAIN

**One White Man and Ten Chinese Lose Their Lives—Many Others Injured**

Winnipeg, June 29.—One white man and ten Chinese dead, four white people injured beside a score of Chinese, is the result of the train wreck which occurred at Butler, Ont., last night.

The dead white man is T. F. O'Connor, of St. John, N. B., a guard on the Chinese were brought into the city through Winnipeg yesterday morning with 200 Chinese in bond for the East. Nine of the more seriously injured Chinese were brought into the city this morning.

The two trains, the Chinese special and the Pacific Express from the East, met in collision at the little station of Butler. As far as can be learned at present, the catastrophe is the result of the engineer on the Chinese train, M. Wrightson, overrunning his orders.

The engineer on the other train is named Lizette, but no blame is attached to him. Butler is a station on the C. P. R. about 270 miles east of Winnipeg.

The ten Chinamen killed were en route in bond for Montreal and points east. The correct names are unobtainable.

Injured—Mrs. Walter Robinson of Copper Hill, Ont., enroute to Edmonton, slight; Charles E. Morrash, Halifax, N. S., en route to Winnipeg, slight; Frank Barley, en route to Vegreville, Alb., shaken up and bruised; Master Robert McKee, en route to Strassburg, slight. Nine Chinamen seriously injured, two probably fatally. Many other Chinamen slightly injured.

### KING'S BIRTHDAY HONORS

**List This Year Is of Unusual Character—Canadians Given Titles**

London, June 29.—The list of King's birthday honors, which are usually conferred as a reward for political and civil service, is more interesting than usually is the case because of the recognition accorded art, science and literature. Four new peers have been named by the King, Sir James J. Kitson, ex-Lord Mayor of Leeds, Sir Jas. Bialist, who has devoted his wealth to fighting tuberculosis, Sir Samuel Montague and Alex. Beckover, bankers. More than thirty knighthoods have been bestowed, the recipient including Nathaniel Dunlop, chairman of the Allan Steamship line, W. S. Gilbert, the playwright and Prof. Hubert Herkomer, the artist.

Among the promotions in the various Orders of the Bath, of St. Michael and St. George, etc., are Sir William MacGregor, governor of Newfoundland; Hon. Chas. Fitzpatrick, chief justice of Canada; Mortimer Clark, lieutenant-governor of Ontario; Captain R. H. Anstruther, senior naval officer in Newfoundland waters, and Sir Thomas Shaughnessy, president of the C. P. R.

**West Lambton Conservatives**  
Toronto, June 29.—R. E. Lesueur, of Sarnia, was nominated to the Commons by the Conservatives of West Lambton.

## DISASTROUS EXPLOSION

**Blowing Up of Steel Cylinder at Schenectady Kills Three Men**

Schenectady, June 29.—A ten-ton steel cylinder loaded with brick of equal weight and filled with steam pressure at 160 pounds to the square inch, at the plant of the Schenectady Sandstone Brick company, was opened by mistake this morning, without first reducing the steam pressure, and as a result exploded.

The cylinder head went in one direction killing two men, wrecking a portion of the plant, twisting a water tower into scrap iron, wrecking a big water tank and windmill, deluging the scene of carnage with water.

The big cylinder, five feet in diameter went through a pile of brick five feet thick, went across the highway, hit a carload of coal, struck a telegraph pole, a glancing blow, killed a track repairer and skidded up the D. & H. track to a point fully 150 yards from its original position.

The dead are: C. Wheel, aged 25 years, head and shoulder severed from trunk and found fifty feet apart. S. Orvey, aged 28, brick maker, both legs severed and horribly mangled. John C. Burns, aged 42 years, track repairer, skull fractured.

**Regina Hospital**  
Regina, June 29.—Yesterday Lieutenant Governor Forget opened the hospital which the Grey nuns recently took over from two local doctors.

## MINERAL PRODUCTION

### GOING UP RAPIDLY

**Mines of Kootenay and Yale Make a Better Record for the Past Week**

Nelson, B. C., June 29.—The following are the ore shipments and smelter receipts for southeastern British Columbia districts for the past week and the year to date in tons: Shipments: Boundary, week, 36,781; year, 503,112. Rossland, week, 6,791; year, 132,995. East of Columbia river, week, 2,898; year, 61,759. Total week, 46,470; year, 637,806.

Smelter receipts: Grand Forks, week, 18,963; year, 273,841. Greenwood, week, 12,252; year, 144,585. Boundary Falls, week, 5,566; year, 72,933. Trail, week, 4,955; year, 107,518. Nelson, week, 295; year, 9,068. Northport, week, 2,666; year, 49,915. Marysville, week, 600; year, 27,600. Total, week, 45,297; year, 273,666.

Rossland, B. C., June 29.—The Centre Star since the new hoist was installed has considerably increased its tonnage. For the week ending June 22 the output was 4,500 tons and for the week ending tonight it was 4,650 able to handle a still larger quantity shipped from any single Rossland mine in a week for the past several years. Should the smelter at Trail be able to handle a still larger quantity it could easily be furnished by the Centre Star and its allied mines, which have very large quantities of ore in sight. The California-Giant company there received its electric motor from Phoenix, where it was being used at the Snowshed mine, to which it was loaned some time since. A pipe line is being laid from the California compressor to the Giant's lower tunnel, and in about a fortnight all of the necessary preliminary work will have been completed and the work of development will be commenced.

Following are the shipments for the week: Centre Star, 5,650; Le Roi, 2,765; Le Roi No. 2, 320. Total for week, 7,735, and for the year 132,278 tons. Trail smelter received 6,555 tons during the week and the Le Roi smelter at Northport 2,765 tons.

The body was terribly mangled.

## PROTEST FROM JAPAN

### AGAINST UNFAIR ACTION

**Chambers of Commerce Send Address to Those in United States**

### ALSO TO PRESIDENT ROOSEVELT

**Statement Made That International Business Is Seriously Threatened by Outrages**

Tokio, June 29.—At a joint meeting of seven chambers of commerce here, it was resolved to address the principal chambers of commerce in America as follows:

"It has always been a matter of profound satisfaction to the people of Japan to witness the constant growth of cordial relations between our two countries and of our community interests in the fields of trade and commerce.

"But since last year the people in a section of your country have unfortunately acted in a manner calculated to prejudice the legitimate rights of Japanese who have been frequently subjected to unjust and humiliating treatment at the hands of a lawless element prevailing there. The right of education has been denied them. Their houses have repeatedly been attacked and their property destroyed without the least cause or provocation, with the result that not only have the treaty rights of the Japanese been wantonly disregarded, but their persons and property have also been exposed to serious damage. It is to be extremely regretted that such unfortunate incidents should be allowed to occur so frequently, and it is feared that unless they are speedily stopped, the ill-feeling which our countrymen are now constrained to harbor against the people of a single section in America may eventually have an unhappy effect upon the development of the commercial relations between the two nations. For while the United States is a good customer for our natural products, Japan is also increasing her demands for American goods and promises to become one of the most important markets for your ever-expanding and prosperous industries. Should the progress of trade and commerce between the two nations become obstructed as the result of the unwarranted action of a small section of your population, the loss sustained by the two countries would be incalculable.

"We therefore venture to address you and express our views upon the situation, confident in the hope that they will be shared by you and that you will consider the matter upon the right principles of the national intercourse, and to the mutual advantages of the trade relations, do your best to speedily eliminate the present status of discord and insure our common prosperity for the future."

The chamber of commerce has addressed President Roosevelt as follows: "We have always watched with profound satisfaction the growing strength of the bonds of traditional friendship between America and Japan, coupled with the steady progress of the commerce between the two nations. It is therefore a source of the deepest regret and concern to learn of the actions frequently reported since last year of a section of the community in San Francisco against Japanese residents there, whose persons and property have been exposed to serious danger. While highly appreciating your unremitting efforts in the cause of justice, we humbly think that if such abuses are allowed to continue the development of the commerce based upon the friendly relations of the two nations may be eventually retarded.

"We the undersigned representatives of the chambers of commerce, taking special interest in the promotion of our mutual economic relations, are unable to remain silent spectators of this state of affairs. We accordingly have addressed the principal chambers of commerce in America, inviting them to exert their best efforts relying at the same time upon your personal ability and wisdom for a speedy and satisfactory solution of existing difficulties, and we respectfully appeal to you for your friendly aid."

Another serious report of anti-Japanese feeling in San Francisco has been received here, to the effect that the city authorities have placed an embargo on Japanese engaged in the business of intelligence agencies, and have also refused them licenses of any kind, thus preventing them from engaging in any other business than that of a purely commercial character. Should the report be confirmed it will serve to confirm the belief here that the display of anti-Japanese feeling in that city is based on racial prejudice.

### Colonial Coast Defences.

London, June 29.—The admiralty is sending experts to Canada, Australia and New Zealand in order to prepare a report upon the coast defences and advise generally upon the ships or squadrons at present stationed in those waters. It is said the report is expected to constitute the basis of the naval programme for 1908.

### Horribly Mangled

Kenora, Ont., June 29.—William Adair, about forty years of age, employed at Johnson's camp, a sub-contractor under the Poles, was instantly killed. Particulars are not to hand, but it is thought he was endeavoring to board the train while it was slowly pulling into Margach, a station eight miles east of here, or was stealing a ride. The body was terribly mangled.

## FREE GAS INSTALLATION

The Victoria Gas Co. has decided to install free of charge, the piping from the main to the meter in the house.

This expense has formerly been borne by the consumer and it is therefore to your interest to take advantage of this offer while it is open.

Intending users of gas should examine our large stock of stoves and heaters.

For full particulars call at the Company's Office, corner Fort and Langley Streets.

### C.P.R. SETTING PACE ACROSS CONTINENT

Two New Fast Services Will Be  
Inaugurated the Com-  
ing Week

### TRAINS ARE MOST LUXURIOUS

Run From Spokane to St. Paul Will Be  
Made in Forty-Seven and a  
Half Hours

Vancouver, June 28.—Two new fast transcontinental train services will be placed in effect next week by the Canadian Pacific Railway Company. The one on the main line will enable passengers to make the run between Montreal and Vancouver in eighty-five hours, while between St. Paul and Spokane via the Soo Line, the distance will be traveled in forty-seven and a half hours.

The Transcanada Limited, the new tri-weekly train to be placed in service between Vancouver and Montreal, will be a model of luxurious transportation. This train will be made up of five or six first-class sleepers and a dining car, all the coaches being of the latest pattern turned out of the best car construction shops on the continent, as special pains have been taken to make this train the very best in service on any transcontinental train. The Transcanada Limited will set the pace for transcontinental travel; it will hit only the "high places" on the run across the continent.

#### Will Become Daily Service

While the Transcanada Limited is something in the nature of an experiment it will be dispatched but three times each day from Vancouver and Montreal, but there is every probability of this service being increased to a daily one. Certainly it is expected by Canadian Pacific officials that the Transcanada will be a daily train next year, and it is possible that it may be so before the end of the present summer.

With the Transcanada operating daily, Vancouver will have three transcontinental trains departing and arriving every day. The first Transcanada will leave Vancouver next Tuesday.

#### Fast Time to St. Paul

The Canadian Pacific passenger service between St. Paul and Spokane will be inaugurated next Monday from both ends of the line. The trains will be first-class in every particular, and the aim of the Canadian Pacific is to make this route a popular one. Mr. E. J. Coyle, assistant general passenger agent of the C. P. R., left Vancouver yesterday for Portland and Spokane in connection with the establishment of the new service. He will be in Spokane on Monday when the first train pulls out from here for St. Paul. Ultimately this service will be extended from Spokane to Portland over the O. R. & N. line, which is already being used by the Canadian road as a means of hauling freight into Portland.

#### Short Route From Spokane

The Canadian Pacific route from Spokane to St. Paul is the shortest in existence. From Spokane the trains will run over the Spokane & Inland division to Yalk on the Crow's Nest Pass branch and following that road to Dunsmuir Junction, will there take the main line as far east as Moose Jaw, where trains will branch off on the Minneapolis, St. Paul & Sault Ste. Marie Railway for St. Paul.

#### MINING IN BOUNDARY

Increased Ore Output Has Effect of  
Stalling Transportation Facilities

Phoenix, B. C., June 28.—The mining companies operating in the Boundary are complaining emphatically of the lack of ore dumps in this section. The railway companies, notwithstanding ample notice, being utterly unable to handle the tonnage that is offering. At present nearly all of the ore hauling from the Granby mines is done by the Great Northern, the C. P. R. taking almost none, unless it be a few cars daily from the Grand mine of the company, which is not served by the Great Northern. Fortunately, the Granby management has matters so arranged at the mines that the output from two of the huge ore crushers can be fed to the Great Northern ore dumps, if need be—and that is exactly what is being done now. No ore is yet being hoisted from the new Victoria main three-compartment shaft of the Granby company, as the railway companies have not yet completed their side tracks to the opening.

The Dominion Copper company is in much the same situation as the Granby, except that it is dependent entirely on the C. P. R. for handling ore, and notified that company many months ago of intended increase in tonnage. Manager Thomas has blown in his third furnace and he says that this means the hauling of about fifty thousand tons of ore daily.

Maurice M. Johnson, consulting engineer of the Dominion Copper company, has given orders to run a survey line from the company's mines in this camp, for the building of an aerial tramway to the company's smelter at Boundary Falls, and he estimates that it will require only about five miles of tramway to connect the two. Such an undertaking would probably mean a cost of \$100,000, but it would, when completed, greatly relieve the situation. Not only that, but it is more than likely that a gravity tram of this kind could be operated so that the ore could be delivered at the smelter for about half the present cost, which is 30 cents per ton—a feature that certainly has its advantages.

#### FAIR WAGE CLAUSE.

Clause to Be Inserted in Contract for  
Building New Vancouver Court  
House.

Vancouver, June 28.—The Fair Wage Clause, which the Vancouver Trades

and Labor Council recently requested the provincial government to insert in the contract for the Vancouver court house, will be incorporated in it, according to advices received today by W. J. Bowser, M. P., from Hon. F. J. Fulton, chief commissioner of lands and works.

The clause which will guarantee fair wages to all men employed on the work reads as follows: "The contractor shall pay all persons employed by him on the works not less than the wages current (at the date of tender) in the district in which the work is being carried on, for competent workmen and laborers, and shall pay such wages in cash during the progress of the works on or before the fifteenth day of each calendar month and all balances on or before the expiration of one calendar month after the completion of the contract."

It is understood that this clause will hereafter be inserted in all contracts for public works made by the provincial government no matter in what portion of the province the works are situated.

Competers are now being invited by the government for the construction of the new court house on Georgia street. All tenders must be in the hands of the chief commissioner of lands and works by noon on July 12th. Drawings, specifications, conditions of tendering and contract may be seen at the office of the public works engineer at Victoria, or at the office of Messrs. Dalton & Evelyn, architects, Vancouver.

The contract for construction is to be awarded as soon after the receipt of the tenders as is possible on account of the lack of accommodation at the old building. The sum of \$150,000 has been appropriated for the work and before the building is finished another sum of equal amount will be granted.

#### SOCKEYES RUNNING.

Good Catches Are Being Made by  
Fishermen on the Skeena.

Vancouver, June 28.—Sockeye salmon are running on the Skeena river and at Rivers Inlet according to news brought down by the steamer Canopus, which reached port at noon today from the north. Weather conditions at both places are reported to be excellent for successful fishing, and when the Canopus left the Skeena the boats were averaging 120 each. At Rivers Inlet the run had not assumed large proportions, the boats only averaging thirty fish.

On the Fraser river there may be a few sockeye running, but so far none have been reported as having been taken in the large nets now being used for spring salmon. Reports from the Strait and from yessies crossing the Gulf are that the sockeyes have appeared.

#### MEAT DROPS IN PRICE.

P. Burns, Interviewed at Vancouver,  
Confirms the Announcement.

Vancouver, June 28.—P. Burns arrived last night from Calgary, fresh from his triumph before the meat commission, when he declared that the chronic hickers about an alleged meat trust did not know what they were talking about.

"Our firm will reduce the retail prices of meats at the beginning of next month to its patrons in the coast cities," said Mr. Burns in making the announcement in the presence of his brother, Mr. Dominic Burns, local manager. "Just what these reductions will be I have not yet ascertained, but they will be quite substantial."

"Why are we doing so? Well, for the reason that grass-fed cattle from points in the interior of British Columbia are now coming into the market and are much nearer the centres of consumption than the range cattle of Alberta. There were some protests about the raising of retail prices here last March, but they were made without knowledge of the actual conditions. It should be remembered that for a good many months in the year the meat supplies for this coast are shipped from the prairie district. What were we up against last March? Why nothing less than increased prices for range cattle which had to be stall fed by our firm. The series of blizzards last winter caused an enormous depopulation of the herds and this coupled with the increased demand from England was bound to stimulate the market."

It is likely that the prices quoted for meats at Vancouver since last March were not excessive under the circumstances. Cattle on the hoof in the Alberta ranges are worth more than a year ago. The public is likely also unaware that dressed meat in Liverpool has advanced from one to one and a half cents per pound.

"Alberta steers are in great demand in England, shipments last year having reached the total of nearly seventy thousand head. All these factors including the disastrous blizzards, could have no other effect than to increase the cost of beef to the wholesaler, and likewise in turn to the consumer."

Mr. Burns also stated that he expects to open his new \$400,000 abattoir in the East End about July 10th.

#### LADNER MAN KILLED.

George Milne Meets Death in Collapse  
of Water Tank.

New Westminster, June 28.—Word has been received of the accidental death of George Milne, formerly of Ladner, at Beatrice, Nebraska, on Wednesday, June 12th.

Milne was working on a water tank with several other men when the tank supports broke and he was killed outright, while the other workmen escaped injury.

Milne was a well known resident of Delta, having lived there for more than seven years and leaving there only a short time ago. He was a brother of William Milne, a well known farmer of East Delta.

#### BUILD RURAL WATER SYSTEM.

J. H. Hutchinson Applies For Rights  
to Supply Surrey and Delta.

build a water system through Delta municipality and through a part of Surrey municipality.

Hutchinson has posted an application in the government offices in this city for three hundred inches of water from an unnamed stream running into the Nicomadi river in Surrey.

The application will be heard July 23rd, and if it is granted, Hutchinson and his associates will commence arranging for the laying of many miles of mains to supply the entire Delta flats, which up to the present have had to depend on rain water for drinking and cooking purposes.

#### YOUNG MAN'S HEROISM

William Reid Risks Life to Prevent  
Launch From Sinking

New Westminster June 28.—William Reid of this city, had his right forearm terribly crushed last night in an heroic and successful attempt to save a launch load of pleasure seekers from drowning. After receiving the injury he worked strenuously in getting the excursionists ashore safely.

Reid, who is the eldest son of John Reid, proprietor of the New Westminster iron works, was out with a party of friends for a trip on the river in a launch owned by James Blair and Russell James. When the boat was about to land at the Sixth street dock the accident occurred.

The man at the wheel attempted to turn the launch in toward the landing place, but the turn was made too short and the swift current carried the little craft past. Then an attempt was made to turn the boat out into the river again with full speed ahead, but it was too late, and she crashed into the ship's bow of the Canadian Pacific steamship, leaving a gaping hole in the C. P. R. dock.

Reid saw the danger and rushed to the bow of the launch and put out his hand to shove the little craft off and succeeded in making it clear the big paddle wheel, but in doing so his arm was caught between the small vessel and one of the paddles and both bones of the forearm were broken.

#### Caught by Beaver

The launch caught under the dock of the Beaver, and was still in danger of sinking, Reid with his right arm hanging limp and helpless at his side, jumped to the large vessel and assisted all the women and some of the men to safety. Even then he wanted to see the boat safely landed before he left her.

Reid was taken home where the injured arm was dressed by Drs. Hall and Rothwell. The doctors hope to save his arm.

#### EVERY WOMAN

Every woman notices whether a man is well dressed or not, and whether he is careful of his personal appearance. The great art of being well dressed, whether in man or woman, is to have a pleasing ensemble. It will not do to have his hair and beard well brushed and well cared for, and his nails neglected; and every man or woman, whether old or young, ugly or pretty, owes it to his fellow man to look just as well as possible.

The middle-aged and the old people require more careful dressing, of course, than the young.

If a man has an athletic figure, he never looks better in summer than in flannels. White is singularly becoming to dark men; and the men who feel at home in flannels look better than they do in their ordinary clothes.

The great art of dressing, indeed, for men is that they shall feel and look at home in their clothes—in other words, at ease in whatever they wear.

Of course the ideal figure for a well-dressed man is a slender figure—not too broad shoulders, and very slender hips—but I have seen fat men look well who were turned out with careful judgment.

The best dressed men in Canada today wear Semi-Ready Tailoring, cut in types to fit all figures, and guaranteed to retain shape. R. Williams & Co., Sole Agents, Semi-Ready Tailoring.

#### BIG AUSTRALIAN PROJECT

Railway Line Across Island, With  
Extensive Branches

Melbourne, June 27.—One of the most interesting and momentous railway projects ever put forward is about to be taken in hand by the Commonwealth government.

Arrangements have practically been made between the Commonwealth Government and the South Australian Ministry, subject to the consent of both parliaments by which South Australia will raise in the London market a loan guaranteed, and to be ultimately taken over by the Commonwealth Government for the purpose of constructing a railway line across Australia from north to south, which in turn, will be connected with Western Australia the west, and Queensland, New South Wales and Victoria on the east. This will mean the development of the "back blocks" of Australia containing hundreds of millions of acres of some of the finest pastoral country in the world and a considerable area of mineralized country.

The total cost of the construction of the Trans-Australian line will probably not be less than \$50,000,000. The branch connecting with Kalgoorlie will probably require not less than \$25,000,000, and the eastern states will also come into the market as borrowers in order to carry out their portion of the programme.

The only accurate and reliable map of the new townsite at

THE TERMINUS OF THE GRAND TRUNK PACIFIC RAILWAY  
ON KAIEN ISLAND.

has just been issued from The Colonist presses, and is for sale at the price of \$1.00. This Map has been compiled from actual surveys on the ground, and is the only reliable map of the waterways about Kai-En Island that can be procured.

ORDERS RECEIVED AT  
THE COLONIST OFFICE

sum asked from the British and Canadian exchequers was not too great, seeing the vast benefits accruing to both.

An influential committee, including eight peers, two Irish Roman Catholic bishops, and 40 members of Parliament, including Messrs. Wyndham and Long, two ex-Irish secretaries, has been formed to support the Black-stone Bay route in connection with the proposed mail service. Both the British and Canadian Ministers are, however, dealing with the project on the subsidy basis alone, leaving the contractors, whoever they may be, to settle ports and routes, subject, of course, to rigorous conditions as to time and equal facilities to all Canadian railways.

While the charge for a letter from Cyprus to London is 1d. that for a postcard is 1 1/2d. Mr. Buxton states that the anomaly is being considered.

#### TIME FOR ACTION

The interview with Mr. R. P. Rithet published in the Colonist yesterday morning, made a distinct impression on all classes in the city. On every side the opinion was expressed that the time for a concerted movement towards securing the consummation of rail connection via Seymour Narrows had arrived. This unanimous endorsement of the views of Mr. Rithet is a deserved tribute to that gentleman, who has always possessed the confidence of the community to a marked degree. He is looked upon, and very properly so, as one of our most conspicuously "solid" citizens. He has very large interests in Victoria and bears the reputation of being a shrewd and enterprising business man who has always had the most unbounded faith in the future of the city. He is, moreover, specially well qualified to speak on the problem of transportation. For many years prominently identified with the Canadian Pacific Navigation Company, whose interests were absorbed a few years ago by the C. P. R., the founder and owner of the large wharves at the outer harbor, he has necessarily been a keen student of the science of conveying goods and passengers; and the fact that he devoted much time, money and energy to the effort of arranging to give Victoria all rail connection with the mainland, by means of the British Pacific Railway, is an additional reason why he should be qualified to speak with considerable authority. It is, then, of the highest importance and significance that he has endorsed the present agitation to press for some action looking to the securing of better connection with the Mainland via Seymour Narrows; and we anticipate that as a result of this expression of opinion on his part, a decided impetus will be given the movement.

It ought to be quite superfluous to reiterate that it is clear as the noon-day sun that the utilization of Vancouver Island for the location of terminal points in connection with the "All-Red" Imperial fast mail project is absolutely inevitable. The granting of large bonuses by the Imperial and Colonial governments interested in the project is done with the object of providing for a faster service than is available at present. The saving of time is the essence of the whole matter. Hours will count—even minutes. Does it require any demonstration, therefore, to have it admitted that Vancouver Island must of sheer necessity be the area where will be located the terminals on the Pacific Coast of this Imperial system? It will be the aim of those developing the plan to push the rails as far toward the Pacific ocean as possible, so as to benefit to the fullest extent by the greater speed which can be maintained by a train over an ocean steamer. Hence it may be taken as a certainty that the strategic position of this island will not be lost sight of.

It may be said: "That's all very well, but what can we do as a community to expedite matters?" To such we would reply, much can be done. Victoria can give evidence that it is wide awake to the supreme position of Vancouver Island in relation to this great project. It can hasten very materially the consummation of the enterprise by preparing the way, by preliminary surveys and otherwise, for the advent of the men who will be entrusted with the duty of choosing final terminal points on the Pacific coast. A policy of drift never yet accomplished anything. The circumstances under which the C.P.R. decided to proceed with the erection of a great tourist hotel in this city furnish a striking example of the wisdom of community enterprise and activity. Sir Thomas Shaughnessy, addressing a meeting of the Victoria Board of Trade, stated emphatically that until the matter had been brought to his notice by that body, acting in conjunction with the Tourist Association, he had never seriously considered the question of building a hotel in this city. Does not this incident contain a lesson which Victorians should take very much to heart? We leave our readers to ponder on that question for a while. As far as The Colonist is concerned, it shall not cease pressing forward this great project until the day arrives when in the city of Victoria the voice of the train conductor may be heard proclaiming "All aboard for Montreal."

#### THE HOUSE OF LORDS.

While native-born Canadians can hardly be expected to be in sympathy with the principle involved in the maintenance of a class of hereditary legislators, the proposal of the British Premier to curtail the powers of the House of Lords by providing that the House of Commons may pass a measure

over the heads of the Lords, if it seems fit to do so provided the Lords are likely to remain obdurate in their opposition to it during the whole of a parliamentary term, will not be regarded in the Dominion universally as desirable.

The suggested change is not in accord with the development of the British Constitution under which the two houses of parliament have grown up. That is if a law is passed to give effect to the Premier's proposal, it will be one of a very small number of instances where legislation has been resorted to for the purpose of defining the powers of either branch of British Parliament. It is quite possible that if such a law shall find a place upon the statute book, it would occupy much the same position as the right of the sovereign to refuse the royal assent to Bills regularly passed, which as has been said, exists upon the understanding that it shall never be exercised, and it has not been exercised in point of fact since the reign of Queen Anne. The mere fact that the Commons might override a decision of the Lords might, and doubtless would, have considerable influence with the latter body. It would certainly compel the Lords to justify by argument their hostility to any measure to which they might be opposed. At the same time, speaking only for itself, the Colonist thinks that a better purpose would be served by making the House of Lords more of a representative body and permitting it to enjoy the same legislative powers as it now possesses. The proposed change would make the Lords responsible to the Commons, instead of to the people, as they are now, although of course only indirectly. The Lords have rarely set themselves up against the will of the people, when constitutionally expressed through the ballot, and we may be pardoned if we doubt whether the Cabinet, whose advice in such matters the House of Commons may usually be expected to follow, is any better judge of public opinion than the gentlemen, who make up the House of Lords.

We recognize the anomalous nature of such a body as the House of Lords. If we were beginning a nation anew it never would occur to any of us that we ought to have men appointed to make laws for us and that their sons, or in default of sons, their nephews or some other relatives should exercise that power ad infinitum. Such an arrangement would be thought ridiculous. But the House of Lords is not the creation of anybody. It is a growth. Before the Council of St. Albans which was held in 1213, there was no representative body in England, but there was a parliament, although not called by that name, composed of the clergy and nobility, together with certain other people named by the king. King John first recognized the principle of representation, and the Council of St. Albans was the first occasion upon which anything corresponding to the House of Commons assembled in England. The barons and the clergy from time immemorial formed a body, which was able to make and depose kings, and whose assent to new laws had, at least theoretically, to be obtained. The House of Lords today is the direct descendant of the Wittenagemot of Saxon days. It has proved itself the guardian of English liberty on many occasions. So great has been its prestige, that even to this day it is under the Constitution the final court of appeal on all questions affecting the rights of the subject. Under these circumstances there need be no surprise if even many people, who hold extremely democratic views, may refuse to accept the doctrine that there is greater safety for the country in the judgment of the few men, who are for the time being the leaders of the House of Commons, than in the matured judgment of the large body of individuals, who on the whole appreciate the responsibility of their exalted station and have great interests, which are in many respects identical with those of the great majority of the people.

#### THE GUGGENHEIMS

Quite the most important announcement bearing on mining development in Western Canada for a decade is that to the effect that the Guggenheim interests have taken over the Treadgold concessions, the properties of the Northwest Hydraulic company, the Yukon Consolidated Companies and smaller concerns, besides absorbing all the placer in the Klondike watershed. This ushers in a new era in the history of the development of the Golden North. The Guggenheims are popularly reputed to be the largest mining operators in the world. They possess very extensive interests in all quarters of the globe, and have recently become very largely interested in this province, notably in Cariboo. Employing the best available expert talent, they very seldom make a false move; and it is of extreme significance that they have determined to invest very large sums of money in the Yukon. From recent reports that have appeared in the press outlining their plans in that section, it appears that they are about to install a vast system of waterways, for sluicing and hydraulic mining, on the same scale which the federal government had in contemplation. It will be easily seen how very important is the announcement alluded to. We should not be surprised to learn that the determination of this firm to embark on this gigantic enterprise was due in no small degree to the circumstance that the district was favorably reported upon by the members of the American In-

stitute of Mining Engineers. It will be recalled that when, a couple of years ago, the party mentioned returned from their trip to the Yukon, they were a unit in declaring their astonishment at the evidence of the enormous mineral wealth of the country. They declared that their most sanguine expectations had been surpassed by what they saw, and predicted a future for that district and British Columbia, which would eclipse the record of any other mining country in the world. The venture of the Guggenheims seems to be a most natural result of that report. Miners returning from the Klondike are sometimes inclined to regret the passing of the "good old days," when it was possible for the man with the pick and shovel to make "good pay" with little to aid him beyond his strong right arm, but it has for sometime been quite obvious that the day of the individual miner has pretty nearly gone by as far as Klondike district is concerned, that is not wholly a matter for regret. The working of the placer beds of the North on the huge scale proposed by the Guggenheims implies the employment of an army of men at high wages, and thus the prosperity of the country and its chief city, Dawson, would seem to be assured. The gambling element has been eliminated from the working of dangerous gravels, and the industry will be put upon a solid and permanent business basis.

It is authoritatively announced that the price of meat will be lowered almost immediately. To which the over-burdened housekeeper will be inclined to remark, in the words of Shakespeare: "For this relief, much thanks."

An Ottawa dispatch announces that the government will undertake the work of manufacturing its own arms and ammunition; this being in line with a recent decision of the Colonial Conference. The people of Vancouver Island have a special interest in this determination, inasmuch as if the proper amount of enterprise be shown we shall, no doubt, at a comparatively early date, be in a position to supply the government with steel from our own smelters.

At the convention of the Western Federation of Miners at Denver, Colorado, one of the speakers predicted a general strike of all the miners throughout the country. This announcement will occasion extreme regret. Happily, though there are branches of the organization in this province, there is very little likelihood of a strike affecting any of the British Columbia mines, the relations between the miners and the operators being at present of a very satisfactory and harmonious character.

The announcement that a great combination of iron and steel manufacturers is being formed in Great Britain is calculated to give a rude awakening to United States and German competitors. It is said to be Britain's aim to dominate the steel industry of the world. John Bull may be somewhat slow in his movements; but in the same way that it is difficult to stop a heavy body when once it gets thoroughly in motion, it may be anticipated that it will require somewhat of a Herculean effort to turn him from the path he has chosen in this new stroke of enterprise.

For the first time in the history of the organization, the directorate of the Provincial Royal Jubilee Hospital has been joined by a lady, who will hereafter assist at the deliberations of that body. In Mrs. Charles Rhodes, who was appointed to a seat at the board at the annual meeting of the shareholders on Friday, all interested in the Hospital have secured the services of one who will, we are sure, perform the duties entrusted to her in a highly satisfactory fashion. In view of the fact that a very considerable proportion of the patients treated at this estimable institution are females, it is eminently proper that one of their sex should have a place on the board of directors, and we heartily approve of the new departure.

Those who persisted, in the face of much evidence calculated to shatter their confidence in Port Simpson, in holding on to their property at that point, have now special reason to congratulate themselves on their foresight, authoritative announcement being made that the Hudson's Bay Pacific Railway Company is preparing for the construction of railway docks at that point. Well-informed people declare there is no question about the suitability of Port Simpson for the terminal of a transcontinental railway system; on the other hand Dame Rumor persists in saying that Prince Rupert is not likely to prove so thoroughly suitable a terminus for the Grand Trunk Pacific as was declared to be the case in the first instance.

#### SPIRIT OF THE PRESS

And in Montreal too  
The sprinkling of the streets frequently leaves much to be desired. It is true that if the streets were cleaner, it would be no matter that their surface becomes frequently quite dry; but if the aldermen have made up their minds that they will not keep the streets clean, it goes without saying that they must pay more attention to keeping them "damped down" so that every wind flurry will not fill the air with floating dust. The Sahara dust storm we had the other evening was an extreme instance of the evils which may arise from permitting the powdered alkali upon our streets to become dry; but we get a mild imitation of it every time a fresh breeze

blows down a street a little while after the passing of the last watering cart. What should bring us health and refreshment brings us dust, dirt and danger. The better plan would undoubtedly be to clean the streets; but, failing this, they ought to be kept sprinkled. Or is there danger again that one watering cart will meet the demand for water enough for this purpose?—Montreal Star.

#### Property in the Ocean

The seizure of a British sealing vessel on the high seas by an American revenue cutter shows that it was questionable wisdom to allow the North American Fur Sealing Company a monopoly of the ocean for their business advantage. The company seems able to obtain anything it wants at home, and also to move the American government to urge and secure not only Great Britain's consent to its rights on the ocean, but her cooperation in overriding the rights of other nations. The fact that the fur seal business of the original company passed to a general company of \$33,000,000 in twenty-five years may help to explain the remarkable influence of the company and their eagerness to multiply profits by selling the rights of the seal monopoly. The British government has consented to the allowing of a sixty-mile zone from which American cruisers may exclude the sealing vessels of Canada and the colonies. This remarkable concession was supplemented by a close season which greatly restricted the operations of Canadian sealers. All this has been carried out in the interests of the company, the ostensible purpose of protecting and perpetuating the herds being a rather thin disguise for the real motive.

It was proposed that some vessels owned in Victoria and used for sealing be purchased by the American government at fancy prices, Canada consenting for this concession to the surrender for all time of her sealing rights on the ocean. When this policy was first designed and urged there was no strong nation except Britain to be reckoned with in the Pacific and the company could easily prompt the American government to give short shrift to the vessels of weaker nations. The awakening of Japan has changed the situation. That nation has had no connection with the treaty under which British sealers are excluded from the sixty-mile zone. As a result the Japanese have secured the right to seal in the waters of the Pacific and the British vessels are subject to seizure. It will be a rather strange transformation if British vessel-owners seek Japanese registers for a large part of their fleet, and the Japanese are actually helping the United States to get rid of the dominating influence of the company. This resistance should have a good effect, for rights on the high seas are too important to be surrendered at the instance of parties interested in private enterprises. It is generally a mistake to believe that seal hunting is an important principle as really at stake.—Toronto Globe.

#### To Bring in Settlers

No part of the Canadian middle west, perhaps, has a more assured future as an agricultural section than northern Alberta. In yesterday's despatches from Calgary we are told that that great district is, at the present moment, after the late spring frost threatened the crops of the whole Dominion, largely made up of waving wheat. Never in the history of the country has the growth been so great or country so well prospering. Responsible men like the managers of the banks at Lethbridge say that this season will be an eye-opener to people, who still doubt the possibilities of northern Alberta as a winter wheat and stock raising country. The progress made and the success attained by southern Alberta, there is a lesson which may well be learned by British Columbia. It is a lesson indeed, which is not lost on this province by southern Alberta alone, for the same lesson is to be found in Manitoba, Saskatchewan, and in the northern districts of Alberta. The case of the country about Lethbridge and MacLeod is one more peculiarly applicable, perhaps, to British Columbia. The lesson is best and most surely learned satisfactorily to settle the farming districts with an intelligent and industrious population. It is not more than ten years ago that that region was devoted to ranching, and the few ranches prevailed widely that it must remain a ranching country, that it was not adapted to wheat growing or mixed farming. It can easily be realized that such a belief as that regarding a large district must put a blight upon its future, for while the profits in ranching are most substantial they are absorbed by a few individuals, and the country is abandoned to cattle instead of being the habitation of men. This was the situation of southern Alberta less than ten years ago, and that situation has been changed from that situation is due to the enterprise and intelligent system pursued by those institutions which had previously done so much for the country east and north of that district and which are doing so much still—the colonization companies. It is to them that it is due that southern Alberta possesses today a large and prosperous population, and that the ranches have been taken over and divided into homesteads and that multitudes of people are pouring in to make the country still more fertile and prosperous. When we thus see what has been accomplished in southern Alberta, in Saskatchewan, and Manitoba, it is impossible not to wish that British Columbia should secure similar benefits in a similar manner.

The reason why success attends the operation of these companies, as it has attended their operations in the Canadian middle west, is that they proceed on a strictly business basis. Their object is the creation of values and this object is secured in inducing settlement by the class of people who will best develop the country and to themselves. By industrious, intelligent and thrifty people. It is their business not only to secure immigrants but to select the best and after they have placed them on the land to aid them in obtaining all those necessary and reasonable conveniences which wise governments are ever willing to grant to prosperous settlements. The colonization company brings to the work of settling the country a knowledge and practical experience which is of the utmost importance. It is possible that popular administrations should be able to acquire or make use of. In addition to this, and it is a point of the utmost importance, the land under the jurisdiction of the colonization company is freed entirely from all political control or direction. In the investigation of the land scandals which were disclosed at recent sessions of the Federal House of Commons, it appeared that an almost incredible degree of greed and graft played their game in the management of the public estate by the government. In the colonization company, on the other hand, the management and control by the colonization companies is eliminated. The company conducts its operations on a strictly business basis and in the best interests of the country. It is to its advantage to do so, and political settlement is absolutely excluded from all transactions.

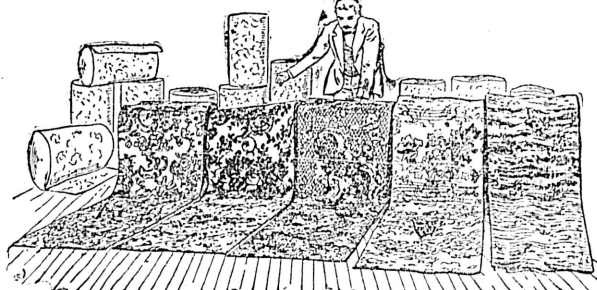

These reasons, we think, are cogent ones in favor of some system of settlement in our great unoccupied stretches of British Columbia under the auspices and direction of some institution of this nature. The country of the future must be built up on our agricultural areas is apparent to all. If there is not to be an interval of inactivity in our provincial progress, and an interval of hardship in the lives of the people, we must have a period of depression. With our farming land under cultivation a new era of prosperity, under auspices more favorable than those which maintain the present status quo. The settlement of our land is proceeding at present very slowly and there is not, under existing conditions, any prospect of much greater energy being displayed. It is true that we are promised some assistance by the Salvation Army, but while the Salvation Army may bring us some valuable settlers their number will not count greatly in a province so extensive as British Columbia, and the Army does not confine itself to interesting those with money enough to make a start for themselves. They have an agency at work which will produce very much greater and better results than the Salvation Army and on which we can rely for effecting permanent settlement. The accomplishment we can only hope for from some such institutions as have been of such benefit to the middle west. What the colonization companies have done in Territories they can do here and do as well if not better.—Vancouver Province.

## WEILER BROS.

### The Largest and Finest Showing of Fine Carpets Ever Displayed in this City

THIS is a city of HOMES and wealth, and we believe there is nothing too worthy in the home furnishing way for her people. Certainly no other city in the West deserves better stocks. In buying our Carpets we have figured thus and we have gotten together a stock of Carpets worthy in every way and a display that would do credit to much larger towns than this. We believe there has never been offered Victorians a

bigger or better assortment or better values in Carpets. Never before have you had a better opportunity to purchase the latest and best carpets at such fair pricings. Remember always, the prices quoted are for reliable and superior quality goods from the leading carpet houses of the world. In the buying of Carpets much has to be left to the honor of the seller. You have to take his word for a whole lot. The best and safest plan is to purchase only goods made by reliable firms and sold by established dealers with a reputation for selling goods of quality only and ready to give back your money if there is dissatisfaction in any way.

The great majority of Victorians are particular about their home surroundings and the most particular people—those who insist on having honest goods, honest values and honest dealings all through—make this store their buying place. It is the best place for you.

### Templeton and Crossley Carpets

Being such large distributors of high grade Carpets we are exclusive Victoria representatives of the famous makers, Messrs. John Crossley & Sons, Halifax, England. The product of their looms in these lines are unequalled for richness, design, beauty of coloring and good wearing qualities.

We have a very complete showing, and having anticipated heavy selling bought heavily. Luckily, too, we bought before the recent price advances and these lines show a considerable saving over today's real worth.

TAPESTRY CARPETS, at per yard,  
\$1.25, 1.00, 85c and ..... **75c**  
BRUSSELS CARPETS, at per yard,  
\$1.65, \$1.60 and ..... **\$1.50**

WILTON CARPETS, at per yard, \$2.60,  
\$2.40 and ..... **\$2.25**  
AXMINSTER CARPETS, at per yard  
..... **\$2.15**

These prices are for Carpets made and laid. Best work guaranteed. We have also a very large stock of fine Carpet Squares manufactured by these makers of fine Carpets. These come in a great variety of designs and in sizes to suit almost any room.

### Our Very Latest Arrivals

Included in our newest shipment of Carpets are a half dozen extra choice patterns to which we call your particular attention. All the patterns are much above the average, but these appeal to us as being something especially worthy of your consideration if you now or are likely to soon, need something new in Carpets.

From among the AXMINSTERS we have chosen four attractive patterns in green, green and blue conventional crimson and Oriental designs. Any one would make a most pleasing parlor carpet. There is a rich Crimson Oriental pattern in Wilton that would transform the appearance of your hall, and a Conventional Red and Green in Brussels, making six patterns which we believe are much superior to anything shown elsewhere in the city.

There is also a line of AXMINSTER SQUARES which deserve special mention. In design and quality these Squares equal the Liga standard by which we measure carpet quality. They come in several sizes and are priced very fairly.

Of course we cannot show you here what excellent things we have for you in our Carpet Department, so invite you to visit us.

Say you'll come tomorrow.

Bright sunshine 258 hours, 12 minutes; mean daily proportion 0.55; (constant sunshine being 1).

### PERSONAL MENTION

Edwin Coventry, lately connected with the iron, coal and stone trades of Lancashire, has taken up a position with Bond & Clark, and now resides in this city.

Master Robert Wesley Walker, Douglas street, left on the steamer President, with his uncle, John H. Mackenzie, mining engineer, to spend his vacation in Santa Cruz, California.

Mrs. F. Landberg and child intend leaving Victoria for Europe on July 7, sailing from New York, July 8. They intend visiting the leading cities of England, Germany, France, and Russian Poland, in the last of which places her parents reside. She will return in about six months.

Mrs. J. B. Simpson and Miss Simpson, of Victoria, and Mrs. Hadden, of Vancouver, will leave today on the Indianapolis for Seattle, where they will spend the week.

Mrs. Robin Dunsinuir left yesterday for San Francisco on an extended visit.

R. A. Stoney, of the staff of the New Westminster Columbian, arrived in Victoria last evening on a holiday trip.

Rev. J. P. Hicks, editor of the Western Methodist Recorder, published in this city, with his family, is visiting his sister at Mount Pleasant, Vancouver.

R. Grant, M. P., of Cumberland, is in Victoria on a business trip.

H. C. Brewster, M. P., has arrived from the west coast and will spend a few days in the city before returning.

Mr. and Mrs. T. Martindale and family, of Portland, Ore., former residents of Victoria, are renewing acquaintances here for a few days.

### French Alliance at Home

The at home of the French alliance held at the Balmoral hotel on Friday evening was a great success. The members were all glad to see their friends and to hear of the success of the French Alliance at home. The evening was most amusing, and given in a manner which showed her early training in the art of entertaining.

On Friday evening, July 5, Fair West lodge, K. of P. No. 1, will convene at 7.30 for the transaction of general business. At 8.30 a public installation of officers will take place, to which the members of the order, their wives and friends are invited to be present. Deputy Grand Chancellor, C. J. Murkley will conduct the installation ceremonies. Under the auspices of the social club of the lodge, Brother A. A. Brown, past chancellor of New Zealand lodge, No. 1, Dunedin, N. Z., will be present and deliver an illustrated talk on New Zealand, using over one hundred fine light views showing the various types of Maori life, the scenery, the climate, the industry, agricultural mining and pastoral interests the Southern Alps, etc. The members of the lodge are anxious to see all their friends present, assuring them an interesting and pleasant evening.

### Touring Physicians

A party of American physicians arrived in Victoria yesterday morning on route home from attending the national convention of the Electric Medical Association, which met recently in Los Angeles. The party included: Earl H. King, M. D., of Saratoga Springs, N. Y.; Pitts Edwin Howes, M. D., and wife, Boston; H. Stesser, M. D., Brooklyn; C. S. Best, M.D., Middleburgh, N. Y.; W. S. Glenn, M.D., State college of Philadelphia; N. M. Sloan, M. D., Latrobe, Pa.; Dr. Boskowitz, Dean of the Electric Medical College, N. Y.; Mary A. D. Jones, Jersey City, and Miss Lydia Shields, New Alexandria, Pa. The party will leave for Vancouver this morning from where they will proceed eastward through the Canadian Rockies, stopping off at Glacier and Banff. They will cross the great lakes and travel by way of Buffalo, Albany, N. Y., where the party will disband. Yesterday they took in the sights around Victoria and were most favorably impressed with all they saw in the way of natural beauty.

Union Sunday School Picnic at Goldstream, July 1st. Everybody go.

### PRESENTATIONS TO RETIRING TEACHER

Pupils and Staff of Boys' Central School Honor Frederick G. C. Wood

There was no formal closing at the Boys' Central school Friday morning, but exercises of a special nature took place in the classroom of division V, which was decorated with roses by the pupils themselves. The occasion was the retiring of Mr. Frederick G. C. Wood from the teaching staff to continue his arts course at McGill University, Montreal. Trustee Mrs. Jenkins presided and the other members of the staff and a number of parents were present. After the reading of the promotion list and the awarding of the rolls of honor, Mrs. Jenkins expressed the general regret at Mr. Wood's departure and referred to his very successful work while on the staff.

At this juncture, Master Gustav Sivertz, on behalf of his fellow pupils, presented the teacher with a set of ebony clothes brush with a silver and a silver maple ring immediately following this presentation, the staff of the school presented a beautiful gold locket, suitably engraved.

Principal Deane, in making the presentation complimented Mr. Wood on his work in the school and expressed the best wishes of teachers and pupils alike for every success in his future career. Mr. Wood responded in fitting manner and after a few farewell remarks to his boys the event was terminated with three hearty cheers.

Fined in Police Court

In the police court Wednesday, two Indian women and a man were each fined \$5 and costs for being drunk and disorderly. They were arrested Friday night on Government street.

Friendly Help Society.

The regular monthly meeting of the Friendly Help Society will be held Tuesday morning next at 11 o'clock in the market building. A full attendance is requested as there will be no meeting in August.

Case Was Dismissed

Emma Wilson, charged with the theft of a watch from Thomas Dolan, a visitor at her house, appeared in the police court yesterday morning. The case was dismissed by Magistrate Hall, the evidence not being sufficient.

Osborne Will Lecture.

J. B. Osborne, of Oakland, Cal., the Socialist lecturer, billed for last week, but who was unable to reach Victoria until after his date, will deliver a lecture on Tuesday evening next in the A. O. U. W. hall, taking for his subject "The Two Main Factors Making For Socialism."

Will Report on Placers

The impression has got abroad that the forthcoming Dominion report on the mining and metallurgical industry will not deal with placers. This is incorrect. Mr. Hadley states that he is expected to report on placer mining.

Local Council of Women

A special meeting of the local Council of Women is called for Tuesday next at 2.30 p. m. at the city hall, to hear a letter from Mrs. William Cummings and to reconsider the entertaining of the National Council. All members of the executive and delegates are specially requested to attend.

Real Estate Transfers

The Kelly farm, near Duncan, has been purchased by Edwin R. Smith, of Calgary. The farm is one of the largest and finest in the district. Mr. Smith will farm it himself. The Craig and Sinclair properties on Galiano Island have been purchased by Mr. Hencke. Altogether the latter has now 900 acres of good land there.

Customs House Changes

It is announced that W. Marchant, who has held the position of appraiser of customs here for some years is to be appointed customs inspector for British Columbia, vice J. C. Clute, who has resigned to accept the position of chief clerk in the land registry at New Westminster. James Parlett, of Vancouver, has also resigned and will enter into partnership with his brother in the contracting business.

First Presbyterian Services.

Rev. G. McLeod, Grand Forks, B. C., will again occupy the pulpit of the First Presbyterian church today at both services. This is expected to be Mr. McLeod's last service. Dr. Campbell, the pastor, being expected home from the East in time before next Sunday. Miss Cameron will sing "Face to Face" by Herbert Johnson at the forenoon service, and Mrs. Gregson will sing "Hail, Hail, the King" by E. Warrington at the evening service.

New Boarding School

Application has been made to the lieutenant-governor-in-council for a charter incorporating a company for the erection of a boys' boarding school on a large scale. Those asking incorporation are D. R. Ker, John Nelson, F. B. Pemberton, W. Fleit, Robertson, J. S. Helmcken, J. S. H. Matterson, A. H. Holland, Arthur Robertson, and D. M. Eberts of Victoria and R. V. Winch of Vancouver. For the coming years temporary quarters for the advanced classes will be secured somewhere in the outskirts of the city, the present school at Oak Bay being used for the junior classes. Plans are to be prepared for an up-to-date school for the senior classes, the site for which is yet to be selected.

Successful Piano Recital

A very successful piano recital was given by pupils of Miss M. M. Hill at her home on Scoresby street on Friday afternoon. The many friends assembled expressed themselves as greatly pleased with the carefully chosen and well rendered programme. Those taking part were as follows: Master Evan Spencer, Miss Alina Grimshorn, Miss Edna Shuler, Miss Marjorie Spalding, Miss Dorothy Kingham, Miss Janet Spalding, Master Alexander Holden, Miss Fama Vokes, Miss Olo Balcom, Miss Carol Eberts, Miss David Raymur, Miss Claudia Hall, Miss Norma Spencer, Miss Kathron Hastie, Miss Zilla Balcom, Miss Gladys Spencer, Miss Gladys Pitts, Miss Ethel Grant and Miss Florence Spencer.

## WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Quebec and One in Beauport, Que

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties in many cases, quickly drifts them into the horrors of all kinds of female complaints, tumors, ulceration, falling and displacements or perhaps irregularity or suppression, causing backache, nervousness, irritability and lassitude.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Mlle. Alma Robitaille, of 78 rue St. Francois, Quebec, Que., tells women how to avoid such suffering; she writes: Dear Mrs. Pinkham:—

"Overwork and long hours at the office together with a neglected diet, brought on a very serious female trouble until finally I was unable to go to work. I then thought of a friend who had taken Lydia E. Pinkham's Vegetable Compound when her health was in the same condition that mine was, and straightway sent for a bottle. I finished that and took two more before I really began to improve, but after that my recovery was very rapid, and I was soon well and able to go back to work again. I certainly think your medicine for sick women worthy of praise, and am indeed glad to endorse it."

Miss Clara Beaubier of Beauport, Quebec, writes: Dear Mrs. Pinkham:—

"For several years I have suffered with female trouble which has been a serious drain on my vitality, sapping my strength and causing severe headaches, bearing-down pains and a general worn-out feeling, until I really had no desire to live. I tried many medicines but did not get permanent relief until I took Lydia E. Pinkham's Vegetable Compound. In two months I was very much better and stronger, and in four months I was well, no more disagreeable discharge, no more pain. So I have every reason to praise the Vegetable Compound and I consider it without equal for the ills of women."

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you.

Backache, dizziness, fainting, bearing-down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for twenty-five years she has, under her direction and since her decease, been advising sick women free of charge.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

## TWELVE HUNDRED ARE COMING TO VICTORIA

Big Excursion From Brandon,  
Manitoba, Coming Here  
In July

Next month will see a large influx of  
people from the Manitoba, Alberta  
and Saskatchewan. Excursions will  
be run by the C. P. R. starting about  
July 9th, and hundreds have expressed  
their determination to visit British  
Columbia between seedtime and har-  
vest. A communication was received by  
a local real estate dealer stating that  
1,200 people from the city of  
Brandon and the country for a radius  
of sixty miles around would leave in  
July for the coast. The tickets will  
read "to the south of France," and it is probable  
that all will come right through.

### FRENCH WINE GROWERS

Government Bill to Protect Them Be-  
comes Law

Paris, June 21.—The government to-  
day promulgated the wine fraud bill  
which was passed by the senate yester-  
day afternoon, designed to correct  
a number of the abuses complained of  
by the discontented wine growers of  
the south of France. The bill, it is  
hoped, will go a long way towards  
allaying the feeling of discontent. The  
measure which has become law re-  
quires among other things that all  
growers make an annual declaration  
at the mayor's office of their commune  
of the acreage, cultivation and total  
quantities of wine produced and in  
stock, and whether it is intended for  
sale or otherwise, the government be-  
lieving of the opinion that when in pos-  
session of this information it will be  
in a position to keep track of the  
wine from the grower to the dealer  
and thus prevent water and sugar-  
ing. The measure also greatly re-  
stricts the market for alcohol produced  
from grapes and beets, which resulted  
in the introduction of a bill providing  
for an increase in duties on petroleum  
with the object of stimulating the use  
of alcohol for illuminating purposes.  
The finance minister is also prepared,  
as an inducement for the wine growers  
to abandon grape growing in favor of  
other crops, to remit the land taxes  
in such cases for five years. The gov-  
ernment advises the organization of  
the wine growers to regulate the out-  
put and discontinue the manufacture  
of poor wine, and urges the growers to  
assist the government to suppress  
outside frauds by themselves exposing  
wholesale buyers who refuse to pur-  
chase the product on the market.

The Capital Furniture Co., Ltd., cor-  
ner Fort and Douglas streets, is a capital  
place to get your house furnishings  
when you come to the capital to re-  
side.

## MINING OUTLOOK ON PORTLAND CANAL

T. A. Wood Reports Good Pro-  
gress In Development  
Work

T. A. Wood, formerly of Duncan,  
who is now largely interested in min-  
ing in the Portland Canal country, is  
in the city on a business visit. Mr.  
Wood is manager of the Portland  
Canal Mining and Development Co.,  
in which C. H. Dickie of Duncan,  
George M. Perdue and others of this  
city are interested.

To the Colonist reporter who in-  
terviewed him today, Mr. Wood said  
conditions in his district were of a  
highly satisfactory and most promis-  
ing character. There was but one  
drawback—inadequate means for  
transportation. The provincial gov-  
ernment had acted with commendable  
promptitude in meeting the needs of  
that section in arranging to put a  
bridge over Bear river, and good pro-  
gress was made with the work until  
recently, when a stoppage occurred  
owing to the failure of necessary ma-  
terial to arrive.

The Dominion government was  
urged to build a wharf at Stewart, at  
the head of the canal, to enable  
steamers to make a landing without  
difficulty, but has not so far acceded  
to the request. This retards the de-  
velopment of the district very much,  
owing to the inadequacy of the trans-  
portation problem many who would  
otherwise come into the country are  
prevented from doing so. It is ex-  
pected, however, that the provincial  
government's bridge will be completed  
across the Bear river this fall, and  
will relieve the situation somewhat.

Speaking of the progress of the  
work on his company's properties, Mr.  
Wood says: "Much preliminary devel-  
opment work has been done, sufficient  
to demonstrate that they have some  
very valuable claims. The ore which  
is galena, carrying silver and gold, is  
much of the same character as the  
famous Stoean ores. On the Gypsy  
claim, a good lead has been encoun-  
tered, the ore of which goes two  
ounces in gold.

The company has a good crew of  
men at work, all the machinery for  
proceeding with development work on  
a comprehensive scale, is on the  
ground and a year's supply of provi-  
sions on hand. The company hopes to  
be in a position to commence initial  
shipments next season.

A good deal of prospecting is being  
done in the district it being estimated  
that about 15 men are out in the hills.  
On the Stewart property, on Ameri-  
can creek, a large body of what is  
termed dry ore has been encountered.  
This is very rich in galena, some  
samples going as high as 1100 ounces  
of silver to the ton—a remarkably  
good showing.

Mr. Wood returns to the north in  
about a month.

### MUSIC AND DRAMA

#### The New Grand.

The programme for the coming week  
at the New Grand will fit in just right  
for the holidays tomorrow and on July  
4th, for it includes a splendid feature  
for children, in Kreisel's dog and cat  
circus. Other good members will be  
Gilmore and Castle, black-face singers,  
talkers and dancers; Frank E. Mont-  
gomery assisted by Frank H. Sea-  
ward and Miss Edna Murrill in a  
little playlet entitled "Love's Hour."  
Norman Magnuson, Jr., and company  
in a sketch, "His New Papa"; the four  
Briggs brothers in an up-to-date mili-  
tary act, introducing war songs, drills  
and manual of arms; Geo. F. Keane  
in the illustrated song, "Far Away,"  
new moving pictures entitled "The  
Felle of the Ball" and "The New  
Toboggan" and the overture, "La  
Cigale," by Audrain by Prof. M.  
Nagel's orchestra.

#### Clover Point Rifle Shoot.

The Clover Point rifle range attract-  
ed a number of local riflemen on  
Saturday afternoon, but the shooting  
was all of a mediocre description. A  
varying cross-breeze bothered the  
marksmen and the scores were very  
low. The 800, 900 and 1,000 yard  
ranges were used, but the best score  
of the day was only 31 at the 800  
yard range. For the three ranges the  
best aggregate score was only 76.

## DECLARE BOYCOTT ON THE FALL EXHIBITION

Members of Emmanuel Baptist  
Church Resolve Not to  
Patronise Fair

At the regular monthly business  
meeting of the members of Emmanuel  
Baptist church, held on Thursday last,  
the following resolution was carried  
unanimously:

"Whereas the city council of Vic-  
toria has voted a considerable sum of  
money from its treasury towards the  
defraying of the expenses of the agri-  
cultural and industrial exhibition to  
be held on the fair grounds next  
autumn and;

"Whereas despite the earnest protest  
of the Women's council, the W. C. T. U.,  
and of the Citizens' League, li-  
cense and permission has been granted  
for the open sale of intoxicating  
liquors upon said fair grounds during  
the progress of said exhibition, and;

"Whereas such open and authorized  
sale of liquors is regarded by many of  
the ratepayers of Victoria as a per-  
nicious and degrading example to place  
before the youth of our city; most of  
whom usually attend our annual fair;  
"Resolved that we emphatically pro-  
test against the application of the  
city's money towards the maintenance  
of any institution that derives any  
part of its revenue from the sale of  
intoxicating liquors;

"Resolved that we heartily com-  
mend the decision of the Women's  
council in their refusal to assist in the  
management of said exhibition or in  
any way to lend countenance thereto,  
and further;

"Resolved that it would be incon-  
sistent for the members of this church  
whose aim is the moral betterment of  
our city, to in any way patronize or  
encourage said exhibition in the event  
of intoxicating liquors being sold upon  
the grounds."

## EXAMINATIONS OVER AT CORRIG COLLEGE

Concluded Yesterday Morning and  
Result Will Be Announced  
In a Few Days

The annual examinations of Corrig  
college, Beacon Hill park, which com-  
menced on June 17, were concluded  
yesterday. The tedium of the forty-  
night's hard work was relieved by the  
cricket matches in which the Corrig  
boys were successful, and by the  
aquatic sports and picnic at the Gorge.  
Already most of the little chaps, hav-  
ing stowed away their mortar boards  
and Eton jackets and much thumbed  
school books, are speeding away,  
north, south, east and west to their  
homes, taking with them, no doubt,  
kindest recollections of Victoria and  
"Old Corrig," though they felt bound  
in honor to old customs to sing:

"Good-bye Church and good-bye stee-  
ple,  
Good-bye dear old sleepy people."

The examinations this year were  
again under the control of Archdeacon  
Scriven, M. A., and Principal Church,  
M. A., and covered the entire ground  
of the school curriculum in the depart-  
ments of mathematics, science, com-  
merce and arts. The selected portions  
and special books in the departments  
of language and literature were:

Latin—Caesar, Gallic War I; Ver-  
gil, Aeneid III; selected poetae et his-  
toriae.

French—Lamartine, Christophe Col-  
omb, Le voyage de St. Paul le marin.

English—Milton, Paradise Lost, II;  
Shakespeare, Macbeth, King John;  
Tennyson, early poems and ballads;  
Wordsworth, selections.

Holy Scripture—Gospel of St. Mark.  
Geography—Physical and general of  
Australia.

History—Canada, discovery and  
French dominion to 1759; England, Ro-  
man and Saxon period to 1066; Greece,  
Persian wars; Rome, early history up  
to the consulate.

The results of the examinations,  
with exceptions, will be ready in a  
few days. The past year has been  
the most successful for the college  
during Mr. Church's long mastership,  
the boarding department having had  
full numbers throughout the year. The  
autumn terms opens on Tuesday, Sep-  
tember 3.

South Saanich Assessment

The court of revision to hear peti-  
tions with regard to the assessments  
in the municipality of South Saanich  
met on Friday last. The court con-  
sisted of Councillors Pointer, Durrant,  
Moore, Puckle and Quirk, the last  
acting as chairman. A number of  
petitions were received, but in nearly  
all the assessments were maintained.

Heaters and Steel Ranges, call and  
inspect Clarke & Pearson's large and  
superb stock—it will pay you

## POLICE STOP FIGHT BETWEEN TWO SAILORS

They Were Pounding Each Other  
In Alley When Officers  
Arrived

The police stopped a pugilistic en-  
counter of the style in vogue before  
the Maritime of Queensland, decided  
that the fight must be muffled in pad-  
ded gloves, the participants being ar-  
rested. Larry Madden and John  
Lundy, both Australian firemen, who  
have of late been feeding the furnaces  
of local steamers, were the principals.  
The scene was Occident alley, running  
between Yates and Johnston streets.  
They were stripped to the waist and  
giving an excellent sample of a rough-  
and-tumble fight before a circle of  
cheering spectators when a peace-lover  
found Sergeant Redgrave and Con-  
stable Abbott on Johnson street.

"There's a fight in the alley," said  
the peace-lover.

Both officers ran to the scene, lest  
the fight would be over before they  
got there. The fighters saw them  
coming and became sprinters. One ran  
up Yates street to Government and  
dodged into the Palace saloon, where  
Sergeant Redgrave continued him.  
Lundy, fed by way of Johnston street  
with Constable Abbott close at his  
heels. At the Occidental bar the con-  
stable scoured him.

The fight was the result of a quarrel  
in a Japanese restaurant on Johnson  
street. Lundy had no salt on his  
table and he reached over to Mad-  
den's table to get some. In taking it  
he spilled the salt, and this is a sure  
sign of trouble.

"No gentleman would take salt  
without asking pardon for it," said  
Madden.

"I'll fight you to show whether  
you're a gentleman," said Lundy.

"All right," said the other, "but let  
us eat first."

They did. Then they repaired to  
the alley and stripped to the waist.  
"You see," explained Lundy after the  
constable arrested him, "if you leaves  
your saltie by a fellow can grab you  
by it and lather you good."

Jailor Handley was in a quandary  
when the men came in and a charge  
of fighting was entered against them.  
"Suppose I put you both in the big  
cage and let you finish this scrap?"  
he asked.

"No," said Madden, wearily. "I guess  
you'd better separate us."

"All right, you'd better," said Lundy.  
And both occupied separate cots at  
the city lock-up.

Well Known Musicians Here.

Sydney Blackiston, professor of  
music from the associated board, Lon-  
don, England, and Ferdinand Dunkley,  
F. R. C. O., have been guests of G.  
Jennings Burnett for a few days. Mr.  
Dunkley, who is an accomplished or-  
ganist and musical director, presided  
as organ recitalist at the St. Louis  
worlds fair and is the director of the  
New Orleans Choral Symphony So-  
ciety. Mr. Dunkley won a composi-  
tion scholarship in the R. C. M. and  
passed the difficult F. R. C. O. test at  
the earliest age of any in the college.  
He was a pupil and friend of both Sir  
Hubert Parry and Sir Walter Parratt.  
Mr. Dunkley may give a musical lec-  
ture here before leaving the country.  
Both the visitors commended Mr. Bur-  
nett on his high standard of musical  
work, and of his originality as evi-  
denced by his numerous unpublished  
manuscripts.

## BIG INCREASE IN BANKING RETURNS

Returns for June Are Largest  
In the History of  
Victoria

During the month just closed the  
total clearings at the Victoria clearing  
house amounted to \$4,848,161. This  
sum is the highest in the history of  
the Victoria clearing house, and is  
\$1,555,592 in excess of the total for the  
same month during the previous year,  
and more than twice the amounts of  
the totals for June of 1902 and 1903.

The returns of the Victoria clearing  
house, like the growing customs re-  
turns, in which great gains are shown  
over previous years, are an indication  
of the growing times of the city of  
Victoria. The returns for the past six  
years are as follows:

June, 1907, \$4,848,161; 1906, \$2,992,-  
569; 1905, \$4,032,729; 1904, \$2,041,557;  
1903, \$2,373,777; 1902, \$2,092,670.

## BIG DEAL IN ISLAND TIMBER PROPERTIES

Sixty-Two Claims Sold for One  
Hundred and Thirty Thou-  
sand Dollars

Real estate is coming somewhat  
more active and the volume of en-  
quiry is growing. There have been a  
number of deals in timber limits put  
through, the buyers being chiefly from  
south of the border.

Sixty-two claims of timber in the  
Port Renfrew district have been pur-  
chased by a Seattle syndicate com-  
ing of C. J. Erickson, G. G. Engstrand  
and John A. Djerf. The amount paid  
was \$131,840. The deal was put through  
by C. A. Gass, of this city.

A number of other real estate firms  
will shortly open here. W. A. Munns  
of the real estate firm of Munns, Low  
& Co., of Moose Jaw is in the city. He  
will shortly be joined by his partner  
when they will open an office here.  
Samuel Crookshanks, of Winnipeg,  
is another agent who contemplates  
opening up here shortly.

## VICTORIA CREAMERY NOT LIKELY TO MOVE

### South Saanich Is Working on Solution of Sewerage Problem

The Victoria creamery will not, in all probability, be moved from its present location on the Carey road, Saanich, after all. The only reason for its so doing is the necessity for getting near to some adequate system of sewerage disposal, and last evening at the meeting of the Saanich council, steps were taken looking towards the installation of a system of sewerage disposal for the neighborhood. All of the councillors expressed their willingness to assist in every way the proposal, and it was felt that the removal of the creamery would be detrimental to the interests of the community.

A letter from the creamery association was received asking if the council in view of the general desire of the citizens of that portion of the municipality was prepared to formulate a plan for such a system. Messrs. Nicholson and Shelling were present on behalf of the creamery and a plan was put forward by the former.

He suggested that a sewer line running along the Carey road to the city limits be installed. Permission could be obtained from the city to continue the line on down towards the Gorge. If a septic tank were installed below the Boleskine road, the sewage could then be drained into the Gorge.

After considerable discussion the council appointed a committee of Councillors Moore, Pointer and Durrant, to meet the Cloverdale municipal association with the representatives of the creamery association next Thursday evening to discuss plans for forwarding the work.

The chief difficulty in the way of the proposed plan arises from the fact that the waste from the creamery cloths and clogs the sewers and cannot be disintegrated in the septic tank in the usual manner.

The chief difficulty in the way of the proposed plan arises from the fact that the waste from the creamery cloths and clogs the sewers and cannot be disintegrated in the septic tank in the usual manner.

### THE MORNING OF LIFE

Make youth happy by making it strong. Help it to pass on to middle life that vigor that commands success. Hard study at school and rapid growth, weakens the system, and so it is necessary to develop a strong constitution early—one that prepares you to combat the ailments of womanhood equipped for any work. Girls especially need to build up vigor for the strain and wear and tear of life. Then build up by taking Ferrozone. It is the very essence of health, and producer of vitality that gives strength and mental clearness.

Ferrozone clears the skin by purifying the blood, and gives you color by making the blood rich and red. It not only removes nervousness, but builds up the nerves too.

For buoyant good health and the feeling of strength and vigor, nothing gives such lasting results as Ferrozone. Every sickly child, every boy and girl, in fact any person in failing health, it will rebuild and restore. Sold in 50c boxes at all dealers.

Fourth of July.—The fast steamer Indianapolis, the "White Flyer," is billed to make three trips during the day for Port Angeles, when an immense programme of sports has been prepared for the day. Twenty miles across the straits, a most beautiful and refreshing sail. The fare has been placed at a very nominal figure, so that all may be enabled to visit Uncle Sam at little cost.

Free samples of "Preventives" and a booklet on Colds will be gladly mailed you, on request, by Dr. Shoop, Ration, Wis., simply to prove merit. Preventives are little Candy Cold Cure tablets. No Quinine, no Laxative, nothing harmful whatever. Preventives prevent colds—as the name implies—when taken early, or at the "Sneeze Stage." For a sealed cold or LaGrippe break it up safely and quietly with Preventives. Sold by Cyrus H. Bowes.

## CLOSING EXERCISES AT SAINT ANN'S ACADEMY

Medals, Diplomas and Premiums Conferred—List of Promotions

The assembly hall of St. Ann's academy was yesterday afternoon the scene of a very quiet but impressive closing. The exercises were strictly private owing to the mourning at the institution occasioned by the sudden death of the late sister superior, Sister M. Lovett, which took place in the latter part of April. His Grace Archbishop O'Neil presided at the exercises and was accompanied by Rev. Fathers Kane and Collins. The programme was as follows:

Piano Solo, Miss L. Luse.  
Vocal Trio, "One Sweetly Solemn Thought."  
Distribution of honors, medals, certificates, testimonials.  
Essay, "The Apocryphal Hesperides."  
A Quirk.  
Recitation, "The Four-Leafed Clover."  
I. Martin.  
Distribution of Premiums.  
Piano Solo, "Rondo Capriccioso."  
Miss E. Smith.  
Vocal Duet, "O That We Were Maying."  
Misses L. Luse and G. Keefe.  
Recitation, "The Ship of Life."  
Miss C. Lucas.  
Piano Solo, "The Chorus," Rheinberger.  
Miss E. Smith.

The following were the honors conferred: Gold medal for Christian doctrine, in the academic and grammar grades, presented by Most Rev. B. O'Neil, was awarded to Miss Rose Silver, of Victoria. A gold cross for Christian doctrine in the intermediate grades was awarded to Miss Ethel Rivers, of Victoria. Premiums for Christian doctrine were given to Miss Mary McDonald, of New Westminster, and Misses Mabel Rivers, Kezia Sehl and Christine Campbell, of Victoria. Graduating gold medal and diploma for completion of the advanced grade of music was conferred on Miss Ella G. Smith, Victoria. Certificates for theory of music and for mandolin were conferred on Miss Marguerite L. Reilly, Calgary, Alta.

Gold medal and certificate for completion of the Junior grade of music was conferred on Miss Lavinia Luse, Spokane, Wash. Certificates for music in lower grades were conferred on Miss Edith Dunn, Skagway; Miss Katie McDonnell, Vernon, B. C.; Miss Marjorie Corsan, Victoria; Miss Helen Coleman and Miss Ethel Dever, Seattle; Miss May Irene Sabin, Victoria; Miss Marjorie Watson, Victoria; Miss Myrtle Disette, Vancouver, B. C.

The silver medal presented by his excellency the governor-general and Countess Grey was awarded to Miss Eileen Mulcahy, Victoria, for proficiency in the academic grades. Miss Mulcahy is a daughter of Sergeant-Major Mulcahy, of the 10th Battalion, and is a beautiful one, bearing likeness of the Earl and Countess Grey on one side and being suitably engraved.

The bronze medal presented by his excellency the governor-general and Countess Grey for general proficiency among the boarders was merited by Miss Mary McLaughlin, of Dawson, and Miss Lavinia Luse, of Spokane, and drawn by the latter.

A diploma for the completion of the stenographic course was conferred on Miss Charlotte Shepherd, Nanaimo, B. C.

Certificates for the completion of the bookkeeping course was conferred on Miss Catherine Munroe, of Victoria. Certificates for the typewriting course were conferred on Miss Jessie Dickson and Miss Nora Rich, of Victoria, B. C.

Gold medals for art were awarded to Miss Marguerite L. Reilly, of Calgary, Alta., for china painting and drawing, and to Miss Katie McDonnell, of Vernon, B. C., for shading.

The gold medal for general application was awarded to Miss Mary McLaughlin, of Dawson, Y. T.

A gold pen for improvement in penmanship (academic and grammar grades) was merited by Misses Anna Nolte, Dollie Maas, Maude Johnson, May Tolle, Nellie Shea, Irene Murray, Sybil Ireland, Eileen Mulcahy, Marguerite Reilly, Katie McDonnell, Violet Speed, Minnie McKinnon, Kate Rivers, Marjorie Corsan, Frances Hickey, Myrtle Disette, Malvina Bellanger, Rita Van Sickle, Edna Gorman, Edna Steele, Mary McLaughlin, Charlotte Shepherd, Mary McDonald, May Hickey, Enid Woodcock, Lizzie McKinnon, Maggie McDonald, Christine Campbell, Frances Briggs, Louise Whiteley, Kezia Sehl, Gertrude Hickey, Irene Sabin and Edna Steele.

Testimonials for deportment were merited by Misses Rose Silver, Lavinia Luse, Gertrude Allen, Anna Nolte, Annie McArthur, Agnes Robertson, Mammie Van Sickle, Dollie Maas, Mabel Rivers, Maude Johnson, May Tolle, Nellie Shea, Irene Murray, Sybil Ireland, Eileen Mulcahy, Marguerite Reilly, Katie McDonnell, Violet Speed, Minnie McKinnon, Kate Rivers, Marjorie Corsan, Frances Hickey, Myrtle Disette, Malvina Bellanger, Rita Van Sickle, Edna Gorman, Edna Steele, Mary McLaughlin, Charlotte Shepherd, Mary McDonald, May Hickey, Enid Woodcock, Lizzie McKinnon, Maggie McDonald, Christine Campbell, Frances Briggs, Louise Whiteley, Kezia Sehl, Gertrude Hickey, Irene Sabin and Edna Steele.

The premium for chine painting was merited by Miss Hazel Hoyt, Tacoma, Wash., and for oil painting and crayon, by Miss M. K. Carroll, Calgary, Alta. The premium for proficiency in the grades were as follows:

Academic II.—Miss Eileen Mulcahy.  
Academic II.—Miss Mary McDonald.  
Grade VII.—Miss Dollie Maas.  
Grade VI.—Miss Edith Dunn.  
Grade IV.—Miss Kezia Sehl.  
Grade III.—Miss Irene Johnson.  
Grade II.—Miss Irene Martin.  
Grade I.—Miss Jessie Murphy.

The premium for highest average in history of Canada, presented by Mrs. A. T. Watt, of Victoria, B. C., was won by Miss Eileen Mulcahy on a percentage of 92.

The promotions were as follows: To sub-graduating class, Misses Eileen Mulcahy, Alta Quirk, Katherine

## Mr. Thomas Fraser.

"I was advised to try a change of climate, which of course would mean a loss of my position, when fortunately one of my friends advised me to use Peruna."

Thomas Fraser, 636 2nd St., N. E., Washington, D. C., writes: "Peruna has done so much for me that I feel it my duty to tell you and those afflicted of its merits. I was a sufferer from indigestion and biliousness until I could only attend to my duties in an indifferent way and really took no pleasure in life."

"I was advised to try a change of climate, which of course would mean a loss of my position, when fortunately one of my friends advised me to use Peruna."

"I did so and in two weeks I was a different man and shortly after I was cured of my stomach trouble. It is certainly a great medicine."

How many people in this country are afflicted with biliousness and indigestion. Hundreds of thousands of people. After they have tried physic and drugs and travel and sanitariums many of them at last resort to Peruna. Of course they will. It could not be otherwise, with such testimony as this before their eyes. A great multitude of people have taken Peruna and know what it will do. Many of them declare themselves cured of chronic catarrh by using Peruna.

Lyter, Mary McLaughlin, Hazel Hoyt and Clemence Hetherington. To Academic II.—Misses Mary McDonald, Guendolyn Koford, Marguerite Richdale, Anna Nolte, May Hickey. Promotions are available to Misses Minnie McKinnon, Mary Egan, Annie McArthur and Violet Speed on their passing successful tests before opening of next term.

To Grade VIII.—Misses Dollie Maas, Enid Woodcock, Lillian Piercy, Mammie Van Sickle, Ella McKinnon, Lizzie McArthur, Eva LeBlanc, Fanny Everett, Helen Coleman, Frances Hickey. To Grade VII.—Misses Edith Dunn and Ethel Dever.

To Grade VI.—Misses Kezia Sehl, Christine Campbell, Ethel Rivers, Mabel Rivers, Frances Briggs, Frances Ferguson. To Grade IV.—Misses Maude Johnson, Marjorie Corsan, Louise Whiteley, Rose Lawless, Myrtle Disette, Nellie Shea, Eva Plaxton, Veronica Maas, Marie Sweeney, Gertrude O'Brien, Margaret Clarke, Amelia Hall, Marjorie Robertson, Irene Wallace, Madeleine Colbert.

To Grade III.—Misses Irene Martin, Malvina Bellanger, Rita Van Sickle, Sybil Ireland, Edith Tribe, Gertrude Hickey, Edna Steele, Florence Sehl, Gladys Watson, Irene Murray, Barbara McClure, Gladys Piercy, Kathleen Costello.

To Grade II.—Misses Annie Mello, Jessie Murphy, Joannie Alice, Elizabeth Ottaway, Mary Murphy, Dorothy Fisher, Mabel Goody, Alma Burns, Mary Corsan, Edna Gorman.

When the various honors had been distributed, his grace the archbishop, gave the students very fatherly and practical advice, followed by warm encouragement to return in large numbers to their esteemed academy, after an enjoyable vacation.

Rev. Father Kane, in well chosen terms, spoke very feelingly to the pupils, and by impressive anecdotes, imprinted on their memory the duties of a young lady in society, but particularly in her own home. His address to the school was very much appreciated by all and will be long remembered.

Let me send you free, for Catarrh, just to prove merit, a Trial size box of Dr. Shoop's Catarrh Remedy. It is a snow white cream, healing antiseptic balm. Containing such healing ingredients as Oil Eucalyptus, Thymol, Menthol etc., it gives instant and lasting relief to Catarrh of the nose and throat. Make the free test and see for yourself what this preparation can and will accomplish. Address Dr. Shoop, Racine, Wis. Large Jars 50 cents. Sold by Cyrus H. Bowes.

The Ontario Sprinkler—It is a small compact, effective sprinkler. Nothing to get out of order. Built on the plan of a labyrinth Throws the water where desired. Made of cast iron, is nicely finished. Price only 40c at R. A. Brown & Co.'s, 80 Douglas street.

## VICTORIA SUPERIORS WIN OPENING GAME

Manager Seth Armstrong's Troupe  
Earn No Medals However In  
Trimming Bramerton

The Victoria Superiors inaugurated their local season on Saturday afternoon at Oak Bay with the Bramerton team, a varied collection of colored ballplayers from the U. S. Military academy, and the resulting exhibition was so bad as to be good from the standpoint of the handful of spectators who went out to the suburban resort for the purpose of witnessing what was advertised to be a baseball game, but which could only be classified as such by a wide stretch of imagination. The Victoria Superiors—it would never do to call them the Superior Victorians—won and the score read Victoria 7 runs, 6 errors; Bramerton 5 runs, 1 error.

The initial performance of Manager Seth Armstrong's troupe was anything but satisfactory, though perhaps it was the company they kept that was partly responsible. But then Seth should have known better. Two Victoria boys figured on the team and both emerged from the burlesque with medals. Bill Blackburn in his capacity as dispenser of twisters was the bright light of the game. William was inclined to loaf all through the nine innings but at that was in the twilight all the way. He fanned no less than eleven of the military men and allowed but five safe hits. One of these was a rap to the billboards in centre for a home run and was the only tally the foe earned. At that the ball was poorly relayed to the plate and the runner should have been held at third. The other runs were gifts. Catcher Weinholt doing the Santa Claus stunt in great style. Brock Robertson had little to do in right field but got two hits out of four times up. One was a clean drive to left and the other he earned by fast sprinting, beating out a teaser down to third.

Paddock, the regular pitcher of the Superiors filled in at second base and showed his versatility by taking five chances without a slip. He also took off a home run, slamming the ball out to left field and easily beating it back. Bee was the original busy insect around first but the rest of the team earned no diplomas, though Shortstop Miller proved a handy boy with the bat getting three hits in four ties up. The soldiers had a misguided recruit named Salder on the bring time. Salder heated them up as though it hurt him and was lucky to get away with the basting he did receive. His co-partners in crime after their performance of yesterday should confine their efforts to handling the rifle and leave the great American national game severely alone.

The game was all over in the first inning when a thrilling combination of four hits and the same total of four errors resulted in five runs being heralded broadcast through the medium of the feeble thicket of the wornout bell in the grandstand. The news was heart just sixteen feet from the sound of the gong, but the rest of the small, but appreciative audience did not worry about the score, as they were quite satisfied that all dispute as to the ultimate winner had been settled in that one final inning.

The rest of the sad tale is told in chapter two which is herewith appended for the edification of those fans whose business engagements fortunately restrained them from journeying to the scene of hostilities:

## ST. FRANCIS WINS HANDICAP

Seattle Race Meeting Opened on Saturday With Big Attendance

Seattle, June 29.—Six thousand people attended the opening day's races at the Meadows this afternoon and the card was a fair one. But one favorite won. Balande, at thirty to one was the long shot winner of the day, springing a surprise in the four furlong race for two year olds. Four

## VICTORIA CRICKETERS DRAW WITH BURRARD

Declare Their Innings for Six Wickets but Vancouver Team Plays Out Time

Vancouver, June 29.—The game between the Burrard Cricket Club and the Victoria club eleven resulted in favor of the visitors, time not allowing for the disposal of the home team. Martin, Barnacle, Baker and Rogers batted well for their runs and Barnacle declared at 170 for six wickets. The homesters made no attempt to win but stonewalled persistently. Killick Greig and Davis meeting with most success. The score follows:

## ARRANGEMENTS FOR BIG BOUT

Referee James Jeffries Will Confer With Principals

San Francisco, June 29.—The arrangements for the big fight on July 4, between Bill Squires, the champion of Australia, and Tommy Burns, America's best heavy, are going along hummily. As the day of the contest draws near, Promoter Jim Coffroth and his assistants are putting in the final touches on all the little details that go with the handling of a big match and within a few days everything will be ship-shape and in readiness.

Promoter Coffroth received word last night that Jim Jeffries, the retired heavyweight champion, who will be the third man in the ring, will leave Los Angeles for San Francisco Sunday night on the Owl. He will be here Monday morning and will visit the camps of both fighters to give them their instructions on the day's proceedings. The battle, he will make his official call first on Squires on Tuesday, and on Wednesday he will pay his compliments to Burns at the Reliance club in Oakland.

Coffroth was also informed that there will be a special train leave Goldenfield with a car of fight fans from the rich mining districts of Nevada. This train will take up a car or more at Tonopah and other cars of sports from Wonder, Fairview and Fallon will be added at Reno. The excursion is in charge of Harry Pollock, with such valuable assistance rendered by Ted Rickard.

The preliminary between Johnnie Murphy and Frankie Edwards is for ten rounds and will start at 1 p. m. Eddie Hanlon will referee this fight. The big fellows are to enter the ring and box at 2 p. m. The prize is \$5,000 for the winner and the loser \$1,000. So if the fight takes as many as thirty rounds to decide the show will be over at 4 o'clock.

## LOCAL TRAPSHOOTERS OFF FOR VANCOUVER

Five Experts to Take Part In Big Tournament on Monday and Tuesday

Five well-known local trapshooters will leave today on the Princess Victoria for Vancouver to take part in the big day trapshooting competition to be held at the grounds of the Vancouver Gun club at Mount Pleasant on Monday and Tuesday. The shoot will be the greatest event of the kind of the season and experts from all over the province will take part. The Victoria trapshooters will be W. N. Lenfesty, O. Weiler, L. Leavell, F. W. Stevenson, and W. Becktel.

The Vancouver club will hold an open shoot on Monday at which all the visiting marksmen will be entitled to compete. On Monday the Dominion Cartridge Company's trophy match of the British Columbia championship will be competed for. Only one representative from every club in the province is entitled to compete in this event. Mr. Lenfesty will represent the Capital Gun club of this city and Mr. Weiler the Victoria Gun club. Medals were given to the high average and it is the holders of these who will compete.

Nanaimo Beats Vancouver  
Nanaimo, June 29.—Nanaimo took the first step in a series of two games of baseball from Vancouver in this city today by a score of 5 to 1. Corby pitched for the visitors allowing five hits and three base hits were all Vancouver could secure off the local twister. The second game will be played Sunday with Miller pitching for Vancouver and Melmoyl for Nanaimo. Score: R. H. E. Nanaimo 5 3 5 Vancouver 1 3 5 Batteries: Harrison and Smith, Corby and Morrisette; Umpire Steele.

## ROYALTY ATTENDS TENNIS

Prince and Princess of Wales at All-England Championship Tourney

London, June 29.—The All-England lawn tennis championships today were marked for the first time by the presence of royalty. The Prince and Princess of Wales attended them with a distinguished suite. The contests attracted not only tennis enthusiasts, but a great crowd of notables. The prince and Princess of Wales were deeply interested in the playing of the Americans, which they frequently applauded. The work of Miss May Sutton, of California, especially seemed to arouse their enthusiasm, and several times the princess rose from her seat and clapped her hands heartily. The games started in brilliant weather, but unfortunately a thunder storm interrupted the doubles, in which Beale Wright and Karl Behr, the Americans, met the British representatives, A. W. Gore and Roper Barrett. The match stood eight games all when it was abandoned.

On Thursday last Rev. Dr. Gregg, of Toronto, had completed in the Presbyterian ministry sixty years.

## SCHRECK PICKS BURNS

Believes Squires Will Be Defeated by the Canadian Boxer

Cincinnati, June 29.—Mike Schreck, of Cincinnati, the heavyweight pugilist, will fight the winner of the Burns-Squires contest. He has signed upers with Squires to fight on Labor day at either Ely of Goldenfield for a \$20,000 purse in case Squires wins. If Burns is the winner Schreck will challenge him.

"I believe Burns will win in his fight with Squires," said Schreck. "Squires has not the endurance and grit to withstand the beating a man like Burns will give him. I hope that Squires wins."

Eaton Hurlbut's Hot Pressed Velum in the new shape "Gladys" with long narrow envelope, Victoria Book and Stationery Co., Limited.

## SOLDIERS ARE BADLY BEATEN AT CRICKET

Vancouver Club Wins in All Day Match by an Innings and One Run

The Vancouver cricket club registered an easy victory over the Garrison C. C. at Work Point Barracks yesterday. The visitors winning by an innings and one run. The scoring was low on both sides. The soldiers went in first and collected 48 runs of which Askey contributed over half. Vancouver got 87 runs and the Garrison in their second innings could only make 38. Judge for the visitors played a splendid cricket for his 35. He was second man in and carried out his bat. Clarence also batted nicely for his 16. Crossfield and Thomas did some nice bowling for Vancouver. The following is the score:

## Play Port Angeles Today

Victoria Superior baseball team left for Seattle on the Princess Victoria last evening. The team will play at Port Angeles today. Manager Armstrong has booked the team for a tour through eastern Washington and they will play down the state all this week.

Victoria High School Beaten.  
Vancouver, June 29.—Vancouver High school beat Victoria school at baseball this afternoon by a score of 8 to 6.

## YAWL WHITE CAP SAILS FOR BIG REGATTA AT SEATTLE

Victoria's Only Representative for Great Gathering Across the Strait in Charge of Owner Lawrie

The yawl "Whitecap," Victoria's only representative for the big yachting regatta at Seattle this week, sailed last evening in charge of her owner S. Lawrie, vice-Commodore of the Victoria Yacht club. The other members of the crew were H. B. Ross and T. Bain. The "Whitecap" will meet the fleet from Vancouver about four miles out from Seattle and sail into the harbor with them. It is expected that the yacht will arrive there this evening.

About twenty-five yachts are making the trip from Vancouver and they should make a brave show when they sail into Seattle. The Vancouver boats are the Hiawatha, Verona, Ellen, Wideawake, Britannia, Swipe, Madeline, Canuck, Four Winds, Intrepid, Silver Spray, Gazeika, Minerva, Maple Leaf, Pastime, Chinook, Dawandena, Haidee, Golliwog, Elsa May, Dione, Beatrice, Adolphi and Talsman.

## Varicose Ulcers Cured

Miss Elizabeth Campbell, 20 Sheridan Ave., Toronto, states: "About eight years ago I hurt my leg near the ankle and the result was what doctors called varicose ulcers. I was treated in two Toronto hospitals and sent away without being cured. From the very start Dr. Chase's Ointment helped me, and by persistent use it has entirely cured me."

Henry Jordan, whose home was in Essex, was run over and killed in the Michigan Central yards at Windsor.

## VICTORIA LACROSSE TEAM OFF FOR VANCOUVER TODAY

Strong Team Goes to Play Vancouver Athletic Club Twelve on the Holiday There

The Victoria Lacrosse Team will leave for Vancouver this morning on the Princess Victoria and will play in the Terminal club tomorrow against the Vancouver Athletic club. The team is a strong one and the boys will be very much surprised if they come back losers. They are all in first class condition having been practicing steadily for several weeks past at Oak Bay under the able direction of Prof. Bob Foster, who will be along with the team today to look after their physical welfare. The team will be as follows: Goal, H. Campbell, point, W. Crocker, cover point, J. D. O'Neil, first defence, W. Battersby, second defence, P. Wilson, third defence, W. Knox, centre, T. Nason, third home, H. A. Campbell, second home, M. Cawz, first defence, C. Mason, outside home, T. Cessford, captain, inside home, J. Pettigrew, substitutes, T. Jenkins, T. Kroeger, L. Johnson, T. Trahey, R. Foster, Referee, A. Stevens, Umpire H. Monteith.

## KATIE BELL IN FRONT IN VANCOUVER RACES

Prince Finishes Second to Dan D in the Two-thirty Class Trot on Saturday

Vancouver, B. C., June 29.—There was fine weather and a large crowd at the Hastings horse races this afternoon. The seven races were all pulled off in good style, though in the fifth race the second heat was declared off for the alleged pulling of "Stranger." Katie Bell and Camaletta again proved winners and F. A. Thompson's Dan D proved a very speedy horse. The events resulted as follows:

First race, purse \$200, trot or pace, 3 minute class. Two out of three mile heats. First heat, 1st, J. R. Reed's Winnie G; 2nd, F. McKelroy's Cashmunt; 3rd, J. K. Reed's Mackie Richmond. Time 2:29. Second heat, 1st, Cashmunt, 2nd, Winnie G, 3rd, Mackie Richmond. Time 2:31. Third heat, 1st, Cashmunt, 2nd, Winnie G, 3rd, Mackie Richmond. Time 2:31. Second race, purse \$200, trot or pace, 2:30 class. Two out of three mile heats. First heat, 1st, Dan D, 2nd, Prince, 3rd, Queen Victoria. Time 2:29. Second heat, 1st, Dan D, 2nd, Prince, 3rd, Queen Victoria. Time 2:29. Third race, Fairview dash, four furlongs, all ages, purse \$150, Fort Wayne Time 56.4 seconds.

Fourth race, 1 mile running for 3 year olds, purse \$250. 1st, Katie Bell, 2nd, Phyl, 3rd, Phyl. Time 1:47. Fifth race, sweepstakes for ponies, two out of three half mile heats. First heat, 1st, Stranger, 2nd, Show Me, 3rd, Biddle. Time 1 minute. The second heat was declared off on account of the alleged pulling of Stranger and his driver was fined. Third heat, 1st, Stranger, 2nd, Show Me, 3rd, Biddle. Time 53 seconds.

Sixth race, Granville stakes, 6 furlongs, for all ages, purse \$150. 1st, Miller's Daughter, 2nd, Old Mike, 3rd, Sandsome. Time 1:20.

Seventh race, Burrard stakes, 5 furlongs for all ages, purse \$150, 1st, Camuletta, 2nd, Hobson's Choice, 3rd, Magnificat. Time 1:06.

## Motor Run to Alberni.

A big party of automobilists took in the Victoria Motor Club's run to Alberni leaving yesterday morning. There were about thirty in the contingent who gathered at the Driad hotel, the starting point for the trip, and about the same number joined in before the city limits had been reached. The party will reach Alberni tomorrow and will be back in the city to-morrow night.

## Maple Leafs Protest

The Vancouver Maple Leafs have protested their recent game with the Vancouver Lacrosse club in which they were badly beaten. The Leafs claim that the Vancouver failed to register Cao, Godfrey, and Cowan, as required. A special meeting of the B. C. Lacrosse Association will be held next week to consider the protest.

McClary's famous stoves and steel ranges at Clarke & Pearson's, 17 Yates street.

**Magic BAKING POWDER**

PURE AND WHOLESOME.

E. W. GILLETTE COMPANY LIMITED

TORONTO, ONT.

## NELSON AND VICTORIA OARSMEN OFF TO RACES

Big Party Leaves on Princess Victoria for Annual Regatta at Lake Washington

The Princess Victoria when she pulled out from the C. P. R. dock on her run to Seattle last evening—carried with her the oarsmen who will represent this city and Nelson in the annual regatta of the North Pacific Amateur Association of Oarsmen on Lake Washington next Wednesday and Thursday.

The Nelson men came in on the Charmer from Vancouver in the morning and spent the day in sightseeing about the city. They were decked out in the club colors of green and white and looked a rather formidable lot. They are entered in the junior four, junior double, senior double and senior single. T. D. Desbrisay, the old James Bay sculler, was in charge of the party, and he expressed himself as confident that the boys would give a good account of themselves. Pointing to C. Lee, a stalwart six-footer, Desbrisay said: "Look at that boy; he is our stroke for the junior fours. He weighs 171 pounds."

"The other crews will have to travel fast to beat us," The Nelson men brought with them a four-oared shell, a double and a single. The four-oared crew is composed of C. Lee, N. McIntosh, A. H. Ferguson and A. Bishop, bow. Mr. Desbrisay will scull in the senior single and row with A. Pool in the senior double. Pool and F. Not compose the junior double. The James Bay Athletic Association representatives went along in charge of Phil Austin and Phil says that if the lion's share of the honors at the big regatta do not come the way of Victoria he will be sadly disappointed. The senior four looks easy for the locals according to him, while the junior single, junior four and senior double should also fall to the J. B. A. A. The oarsmen who left last night were as follows: Senior four—K. Hughes, stroke; W. W. Laing, F. Baylis, W. H. Jesse, bow. Senior double—W. W. Laing, stroke; W. H. Jesse, bow. Junior fours—R. Hiscrocks, stroke; C. H. Thompson, C. Jenkinson, V. Gray, bow. Junior double—C. H. Thompson, stroke; J. C. Bendro, bow. Junior single—W. N. Kennedy.

## AUTOMOBILE PARTY ARRIVES AT NANAIMO

All Cars But One Make Run Without Mishap—Start for Alberni Today

Nanaimo, June 29.—Between five and seven o'clock this evening fifteen automobiles, carrying members of the Victoria Motor club and guests, arrived in this city. The Red Hunter, driven by H. Holton and with Herbert Cuthbert, B. G. Prior, and John Nelson as passengers, was first in arriving, at 5:10. The Winton, driven by Theo Fisher and carrying T. O. McKay, W. L. Foote, L. A. Frick and H. E. A. Courtney came next at 5:15. The others followed with intervals of 5 and 10 minutes.

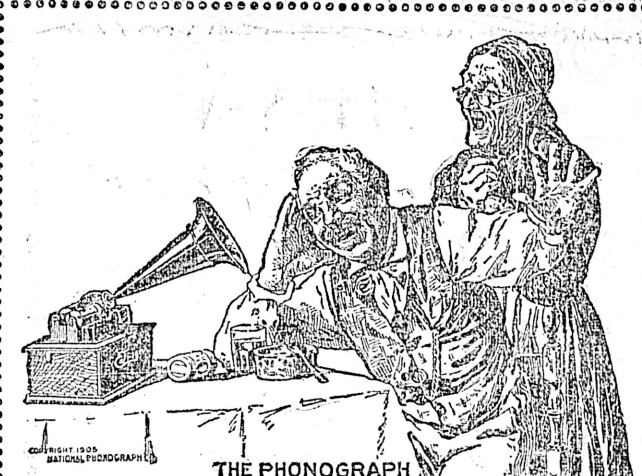

Only one of the cars that left Victoria failed to arrive. This belonged to Dr. Garesche, and met with a mishap when within three miles of Duncan. It was towed in by the Red Hunter, and will be returned to Victoria as railway freight. The damage will be easily repaired.

The party leaves here at 7 in the morning for Alberni. The Red Hunter will be the last to leave, and Mr. Holton says it will be the first into Alberni and will establish a record.

## Famous Racing Mare Sold

Lexington, Ky., June 28.—J. F. Hanley of Newark, N. J., has sold for \$10,000, to J. E. Madden, the famous race mare Los Angeles, her two-year-old chestnut colt and a suckling filly by The Bard. Los Angeles won forty-seven races, being the largest winning mare in America save Bel-dame.

Charlie Neary Beaten.  
Milwaukee, June 29.—Packer McFarland, the Chicago lightweight, defeated Charles Neary of Milwaukee in a ten-round bout before the Badger Athletic club. The decision was received with cheers. McFarland had the better of the Milwaukee boy in nearly every round. He used a left jab and landed it at will. Occasionally he whipped in a right to the head and a few stiff uppercuts. Neary worked on his opponent's body most of the time. When he tried his famous savings for the head Packer was not there.

**THE PHONOGRAPH**

## Amusing the People

One great craving in human nature is to be amused. Life is divided into work, sleep and play. Playtime should be made as delightful as possible so that work-time will be easier. The greatest entertainer in the world is the

## SANDOWN ARRIVES AND SAVES CHARTER

Passed Up to Chemainus Yesterday Morning—Had Day to Spare

## GEORGIA SAILS SOUTH TOMORROW

Has Small Cargo for Mexico Ports—Tees and Amur Will Sail Tomorrow Night.

The steamer Sandown, which has been chartered to load lumber at Chemainus, arrived yesterday morning saving her charter by a narrow margin of one day. The Sandown, which is one of the Watts, Watts freighters, brought a large cargo of hardwood sleepers from Oxnard, North Japan, for Guaymas, Mexico, and reached Comox for bunkers on the day the fire occurred in number 4 slope of the Union mines with the result that she was obliged to leave with but a small percentage of the bunker coal required for the voyage to Mexico. After discharging her cargo from the Japanese port at Chemainus, the Sandown left on June 19 for Chemainus. Tea days out she passed up yesterday morning and arrived at the lumber mills in time to save her charter. She is to load a full cargo of lumber for Melbourne.

The British Columbia lumber mills at the present time have difficulty in supplying the increasing demands of the lumber market, so much so that orders for 100,000 feet of lumber from Mexican buyers sent north by the steamer Georgia for the voyage on which the Canadian-Mexican liner starts south tomorrow will not be filled. The mills have a heavy demand at the present time, particularly from north-west points and are unwilling to enter the Mexican market.

This will be the Georgia's second voyage to Mexican ports. She will call at Guaymas, Mazatlan, Manzanillo, Acapulco and Salina Cruz. Her cargo is usual, mostly of general manufactured goods. Large orders for coal and lumber, which would have given the steamer a full cargo could not be filled. In order to induce trade the Canadian-Mexican line has made generous rates, meeting the shippers in every way, but the demands of the local market, particularly for lumber, coal, coke are militating against the shipment of those commodities.

Three steamers are due from overseas during the early part of the coming week. The French liner Admiral Juareguerry of the Chargeurs Reunis, due Monday or Tuesday, the steamer Hazel Dollar of the Dollar line of freighters bringing a shipment of 800 tons of sulphur loaded at Hakodate, North Japan for the Victoria Chemical Works and the Canadian-Australian liner Monna which is expected to reach port on Tuesday night or Wednesday morning. The Hazel Dollar is coming via San Francisco.

## FOR SAN FRANCISCO

Sonoma Sailed Yesterday Morning—President Broke the Record

The steamer Sonoma sailed yesterday morning from the outer wharf for the Golden Gate, carrying a fair freight and over 300 passengers. The President, which left here on Wednesday, broke the record for the trip from this port to the Golden Gate eclipsing that previously held by the City of Puebla by over an hour. The President reached San Francisco Bay 46 hours after leaving Victoria and 55 hours from Seattle. She maintained a speed of 17 knots from this port.

On the steamer Sonoma was a trunk belonging to a passenger of the President, who gives thanks to the wireless apparatus of the President. It seems that the trunk was left at Seattle by error and when the President had left Victoria and was on the way to San Francisco off North Head, Washington. The owner of the trunk informed the purser who wired as follows:

Steamship President, at Sea, June 28.  
"Mr. Leckie, holding Seattle Transfer Co's claim check No. 5,111, left trunk. Check to San Francisco on Sonoma."

When the Sonoma sailed it carried the missing trunk.

## SUSPENSION REDUCED

Marine Inspector Acts Kindly to Capt. Francke, but Censures Him

In response to an appeal from Capt. Emil Francke, master of the wrecked Hill liner Dakota, John Birmingham, supervising inspector for the San Francisco district, the period of two and a half years suspension as decided against the shipmaster by the Seattle board of inspectors was reduced to eighteen months. While reducing the time of suspension the inspector's decision read in part: "It seems to me that such unparalleled negligence and unskillfulness on the part of the applicant in navigating the Dakota on the occasion evidences a degree of mentality bordering on insanity."

## HALVARD TAKES CATTLE

Shippers Negotiating With Washington Authorities Regarding Inspection

A few days ago a notice was given from Skagway that cattle from British Columbia would not be landed without United States inspection being complied with. On the probability that the American Customs officers at Skagway will accept a satisfactory Canadian certificate of inspection for the cattle being shipped into Dawson on the steamer Halvard, that vessel sailed this morning for the Lynn Canal port, says the Vancouver Province of yesterday. Yesterday afternoon Dr. H. L. Dominion veterinary inspector at Vancouver, looked over the animals

and gave a certificate that they were free from disease and in good condition. To back up that certificate P. Burns & Co. owners of the animals made affidavit that they had passed government inspection at Calgary.

No reply was received to the representations made yesterday to Washington regarding the notice from Skagway that the Customs officers there would not allow the cattle to be landed unless they were cleared by the certificate of an American inspector. The matter is, however, being pressed with Washington, and if such an inspection is enforced the United States government will be asked to station an inspector either at Vancouver or Skagway.

## PORTLAND-SEATTLE

Two Steamers Will be Operated Between Sound and Columbia

Two steamers are to be operated in a new service between Seattle and other Sound ports and Portland, the Rendondo and another vessel. The Rendondo will reach Portland tomorrow from San Francisco and leave on July 5th on her first trip. So great are the offerings of freight that a second steamer will be put on the run within the next sixty days, or as soon as one can be chartered. It is the intention to maintain a five-day schedule.

## STOWAWAYS CAUGHT.

Unknown Passengers of Japanese Steamer Try to Swim Ashore.

When the steamer Shitano Maru arrived here from the Orient her purser reported that there were no stowaways on board and the steamer was regarded as having broken the record of recent months. After the vessel had been lying at Seattle a few days, however, two stowaways, who had been hidden on board unknown to the officers, emerged from their hiding places and endeavored to swim ashore, a distance of several hundred feet. They were seen by the United States immigration officer, who captured both men and they are being held for deportation when the Shitano Maru leaves on July 9 for the Orient.

## REFUSED AT HONOLULU.

Said Japanese Coming Here Seek to Cross Boundary.

It is stated that the Japanese steamer passengers being brought from Honolulu by the French steamer Amiral Juareguerry were refused admission at Honolulu. The Seattle Post-Intelligencer says: "The Orientals will be landed in British Columbia and be taken to the United States to enter the United States if such is their intention. Immigration officers at the border line between the United States and Canada have been warned of the nature of the passenger list of the Juareguerry and are on the lookout for parties of Japanese who may attempt to cross into this country without warrant."

The recent enforcement of the law which prevents the entrance of Japanese laborers into the United States from Mexico and Honolulu has caused an increasing vigilance on the part of the immigration authorities at these borders. The result of the Honolulu order is shown in the large numbers of the Orientals now coming to British Columbia. A great many of these laborers carry passports from Hawaii, which has been declared the clearing house for the Japanese who wish to enter this country. These passports are no longer honored.

## CAMOSUN ON WAYS.

Hauled Out Yesterday at Victoria Machinery Depot for Overhaul.

The steamer Camosun of the Union Steamship Company, which had been broken recently in northern waters, was hauled out yesterday at the ways of the Victoria Machinery depot to be surveyed and repaired. The injuries were slight. The steamer will be overhauled and cleaned and painted while on the slip. It is expected she will leave again for the north early this week.

## HENRIETTE'S ACCIDENT.

Mackenzie Company's Steamer Was Beached and Shaft Unshipped.

The steamer Henrietta of the Mackenzie line, which reached the Crofton smelter with ore loaded at the Mount Andrew mines, Alaska, was disabled north of Juneau through the breaking of her port shaft, was beached in order that her tail shaft and propeller might be unshipped, as with the dead propeller the vessel was unable to move. The accident was caused by a decided drag which it was difficult to handle the wheel against. When the shaft and propeller were unshipped the Henrietta was able to knock off about seven and a quarter knots under her starboard engine, and she made the run to a point off Port Simpson where she was picked up by the tug Tartar and towed to Crofton.

It is believed that the shaft was weakened about two months ago when a log was hit by the port propeller, and the strain eventually proved too great for the shaft to stand.

## ANGELES WANTS CONNECTION

City Across the Straits Agitating for Better Service to Victoria

The Tribune-Times, published at Port Angeles, says: The agitation for direct boat between Port Angeles and Victoria should gain strength and should be placed before the steamboat company in a forceful way. The present method of communication would be ridiculous if it were not too serious in its effects to form a subject of mirth. To require a man in this enlightened age of telegraph, steamboats and railways to travel 65 miles to reach a point only nineteen miles distant from the

port of embarkation, is little short of an outrage and ought not to be tolerated a moment longer than we people of Victoria and Port Angeles are compelled to endure it. Two or three years ago the company's boat called here twice a week at Port Townsend on their way to Victoria.

The travel at that time was light and it cannot be denied that the service did not pay. But now things are different. Victoria has awakened from its long sleep and is reaching out for trade possibilities and connections. The population is growing, real estate is booming and business was never so good. Angeles, too, has improved and would gladly join Victoria in the progressive movement.

## SAILOR'S CLOSE CALL

Washed Overboard by One Wave and Back Again by Another

Washed overboard and washed back again by a great wave, was the peculiar experience of Charles Johnson, a seaman on board the British four-masted bark Falls of Garry, Capt. MacFarlane, which has just arrived at Seattle from Europe after a long passage. The accident to Johnson happened in latitude 57 deg. south and longitude 112 deg. 8 min. east. The crew were shortening sail in a heavy gale, according to the statement of the men, and Johnson was belaying the main topsail yard brace on the lee side.

Suddenly a great wave swept over the ship and carried him overboard. For several minutes he appeared struggling in the water, and the rest of the men on board who had witnessed the accident gave him up for lost. Suddenly they saw his body struggling in the water and the next minute he was thrown on deck by a great wave which swept over the rail. Picked up by his crew, he was unhurt, and at once returned to his work.

Other sailors on the ship stated that the experience of Johnson was one of the most remarkable they had ever seen at sea. If the sea had not washed him back he would have been lost, as owing to the length of the gale and height of the waves it would have been impossible to launch or pull a boat.

## CASTAWAYS' HARDSHIPS

Survivors of Wrecked Launch Rita Newman Reach Seattle

Capt. Martinson and the crew of the wrecked gasoline launch Rita Newman, have reached Seattle on board the steamer Saratoga. The Rita Newman is owned in San Francisco by Hale & Haller, and at the time of the accident was on her way from that place to Koglung River, where the owners have a large saw mill, and where they were to be employed as a cannery tender.

On her voyage from San Francisco the little vessel had an uneventful trip, making good time. On May 25 during a dense fog, which had been so thick for six days that the captain and crew could hardly see a yard ahead, she piled up on the rocks of Simonofsky Island without a moment's warning, and became a total loss.

"The water rushed in as though we were under the Niagara Falls," said the captain, "and it was only with great difficulty and danger to life that we managed to rescue the engineer from the engine room, which filled with water as soon as she struck."

The crew, including the captain, numbering eleven able-bodied seamen, then made their way ashore as best they could, and there made a tent of the main sail, which had been saved, and proceeded to dry themselves. They were forced to remain in this position for two days until taken to Unga in a small boat, there to await the little steamboat Dora, which took them to Valdez.

"As Unga their existence, for existence is all it can be called, was painful in the extreme. The only accommodation was the jail, and even that haven of refuge did not possess blankets. They all lay huddled together on the floor for the ten days, trying in vain to keep their bodies covered, and to keep their blood in circulation. The only food obtainable was beans, with an occasional rasher of bacon by way of an extra treat, and upon this scanty fare they subsisted for ten days until taken to Valdez. At Valdez the shipwrecked mariners report nothing but courtesies treatment."

## MARINE NOTES.

The Norwegian ship Mashona, lumber laden from Chemainus for Antofagasta, was towed to Royal Roads yesterday to ship a crew.

The steamer Willesden, which left here on May 18 with lumber, loaded at Bellingham, for Apla and Sydney arrived at the Australian port on Friday.

The steamer Yangtze of the Blue Funnel line, which left here on June 12, loaded with a full cargo of general freight, including a heavy shipment of whale oil for Glasgow, herlings from Nanaimo for Japan and shipments of canned salmon for various ports of the far east, reached Tokohama on Friday.

Steamer Inagua, which has arrived at San Francisco reports having sighted the steamer South Bay, 14 miles west of Point Arena with her tail shaft broken. The steamer Vanguard was near the disabled vessel and will tow her to San Francisco.

The fishing steamer New England, which arrived at Vancouver with 160,000 pounds of salmon, was buffeted for seventeen hours by a heavy gale when en route south.

Let me mail you free, to prove more, I samples of my Dr. Shoop's Restorative and my book on either Dyspepsia, The Heart, or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy ever claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me free book now. Dr. Shoop's Restorative sold by Cyrus H. Bowes.

## STREET RAILWAY

## GRANTS INCREASE

Main Points of Difference Between Men and Company Settled

WILL TAKE EFFECT TOMORROW

New Scale Provides an Increase For All Employees But Beginners on the Cars

The British Columbia Electric Railway company and their employees in Victoria, Vancouver and New Westminster have come to an amicable settlement of the latter's demand for an increase in pay. The men have accepted an offer made to them by the company and all danger of any unpleasantness has passed. The new wage scale takes effect tomorrow, the old schedule expiring today by efflux of time. The new agreement which was ratified at a meeting of representation of the men held in Vancouver Thursday night, is for three years and settles every point of difference except one which will, it is expected be arranged shortly on a basis satisfactorily to all.

With reference to motormen and conductors the new schedule follows out the lines of the old, varying the rate of pay according to the length of term of service. It is as follows: First six months, 20 cents per hour; second six months, 25 1-2 cents; third year, 26 1-2 cents; fourth and fifth years, 28 1-2 cents; sixth and seventh years, 29 1-2 cents; eighth, ninth and tenth years, 30 1-2 cents; over ten years, 31 1-2 cents.

The only point on which there is any doubt expressed is the rate for the first six months, for which the men claim an advance of 4 1-2 cents per hour, the same as that given to the other classes. The company's contention is that these men are practically apprentices, while the employees contend a higher rate is necessary to secure the proper grade of men.

In the New Westminster shops all recognized graduates at the trades will be paid as follows: First year, 37 cents per hour; second year, 38 1-2 cents; after second year, 40 cents. The pay of the employees about the bams, etc., has been advanced on a sliding scale equal to the advance given to the others.

The original request of the men was for the placing of the motormen and conductors on a five-day schedule at rates ranging from 24 cents for the first six months to 35 cents for the final period. A flat rate of 40 cents for the New Westminster shopmen was also asked.

Another point of contention was for the establishment of a nine-hour day. The answer of the company in this regard was that the hours of service was a matter which was up to the men, inasmuch as the company paid on an hourly basis. The agreement does not touch in any way upon the usual yearly award paid to employees of over a year's standing, this being in the nature of a voluntary grant by the directors.

## CANADA'S FINE SERGE WINS HIGH FAVOR

Proof of the Golden Future of Her Woollen Industry

Makers of the Finest Serge Refused to Adopt the "Imported Subterfuge and Have Won Success With a "Made-in-Canada" Label.

Canada can take full credit for the making of fine woollen fabrics equal to the far-famed British serges. The United States manufacturers sent emissaries to Canada to study the new "Blunoz" serge and they reported it of as good value as the famous "Britons-loom" made in Bradford, England. The permanency of its color has been a revelation to the Americans.

The "Blunoz" is an all-Canadian product, and was launched as a demonstration of the best that Canada could do. Each year the makers have been able to better it, until today it stands "first" in its class, color and value. The cost of making this increased considerably, but it is believed that it now stands on a par with any \$25 British suiting.

The sale of "Blunoz" has also justified the ceaseless care and energy exercised in bringing it to its present high standard, and the courage of the makers in refusing to adopt the subterfuge of marking it as "imported" has been repaid in the pride with which Canadians view the product, and its success. Some of the woollen mills in Canada have been weak enough to allow the wholesale houses to sell their finest product as "imported" woollens, but the makers of "Blunoz" serge had more faith in the ultimate judgment of the people and in the Quaker-like policy of "doing as you would be done by."

"Blunoz" serge will take its place as the finest \$24 suiting on the Canadian market, and its success should encourage the Canadian woollen mills to further improvement of their product.

## PERSONAL.

Mr. and Mrs. H. E. A. Roberts, of Vancouver, are visiting in Victoria.

Mr. and Mrs. S. M. Johnson, of Vancouver, are spending a few days in Victoria.

Thomas Hooper of Hooper & Watkins, architects has returned from a trip to Nelson in connection with the building of a new Methodist church there.

Dr. Fagan, provincial health officer has returned from Vancouver where he spent some days soliciting funds for the Anti-Tuberculosis Society with marked success.

## Receives Congratulations.

Miss Eileen Mulcahy, daughter of Sergt. Major Mulcahy, R. C. A., is receiving the congratulations of her many friends on her success at the recent examinations of St. Ann's academy. She won the leading prize of the school, the silver medal donated by his excellency the governor-general and Countess Grey and was first in geometry, French and literature and made a good showing in all other subjects. Sergt. Major Mulcahy is quite proud of his daughter's success.

## ELIOT JEWELRY WAS

## STOLEN IN ENGLAND

This is Belief of Police Officers

—C. P. R. Detectives Are Making Investigations

No trace of the missing jewels belonging to Mrs. Victor Eliot, stolen from a trunk while Mr. and Mrs. Eliot were on their way to Victoria from the old country has been discovered, although the C. P. R. detectives have scoured the country in search of information.

The police believe the theft took place in London or Liverpool before the trunk, which contained the jewelry was placed on board the C. P. R. steamer Empress of Britain for the journey to Montreal. This belief is strengthened by the finding in the trunk from which the jewelry was looted a small block of wood such as is used by baggage handlers in the old country to prevent trunks knocking against each other while on the trucks. It is doubtful, though, whether the stolen jewels and heirlooms will be recovered, and the owner has already applied to Lloyd's for the insurance, amounting to £300 placed on the trunk.

## TELEPHONE LINE FOR GRAND TRUNK PACIFIC

Commercial Business Not Accepted on New Line From Prince Rupert to Aberdeen

The construction of a fifty-mile telephone line for the private use of the Grand Trunk Pacific railway, connecting Prince Rupert and Aberdeen, was completed last week, and a service has already been inaugurated.

Aberdeen is a point on the government telegraph line. The new link will enable the officials of the company at the railway terminus to communicate direct with the outside world, facilitating the despatch of business and obviating the delays consequent on forwarding urgent communications by steamer from Vancouver. The company has announced that commercial business will not be accepted. However, some measure of relief to those interested in Prince Rupert will soon be afforded as the government telegraph service will be extended from Aberdeen to the future terminal city within the next thirty days. Construction of the line is being rushed. The poles are already in position and all that remains to be done is the task of stringing the wires.

J. T. Phelan, superintendent of government telegraphs, will leave next week on a tour of inspection. He purposes going over the route of the line between Prince Rupert and Aberdeen.

## ENGLISH MADE GOODS

hold the record at the Beehive, 84 Douglas street, for excellence. A new line of men's socks for the hot weather, cool for the feet, 25c; ladies' hose, specially wide made, 50c. Try the silk finished underwear, 75c.

# Keep Your Money in British Columbia

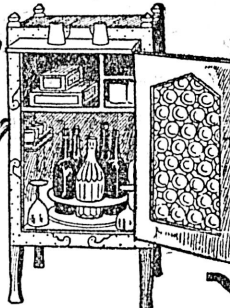

There is no longer any need of buying brands of flour milled some place in which you are not interested. There never was better bread flour than "Royal Standard" (made in Vancouver) offered for sale in Canada or any other country. We are milling "Royal Standard" locally under most favorable circumstances. We have tested it, tried it, guaranteed it and now we ask you to buy it. Every time you buy a sack of "Royal Standard" flour you are supporting a local industry and thereby helping to develop a home town.

Our mills are models in cleanliness, in modern equipment, in capacity for turning out good flour. We invite you to try a sack of "Royal Standard" for bread making. If it is all we claim for it, we deserve your patronage. If it is not, then we do not want it.

Remember the name, "Royal Standard," in ordering. It will insure you getting what you want

## NOTICE TO CONTRACTORS

**SEALED TENDERS**, superscribed "Tender for Court House, Vancouver," will be received by the Honourable the Chief Commissioner of Lands and Works at his office, Victoria, up to noon of Monday, the 15th day of July, 1907, for the erection and completion of a Court House in the City of Vancouver.

Drawings, specifications, conditions of tendering and certificates of deposit of the Public Works Engineer, Victoria, and at the office of Messrs. Dalton and Eveleigh, architects, Vancouver, on and after the 24th day of June, 1907. Each tender must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank in Canada, made payable to the order of the Chief Commissioner of Lands and Works, in the sum of five per cent. (5 per cent.) of the amount of the tender, which sum will be forfeited if the party tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for.

The cheques or certificates of deposit of unsuccessful tenders will be returned to them immediately after the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelope provided.

The lowest or any tender not necessarily accepted.

F. C. GAMBLE,  
 Public Works Engineer,  
 Lands and Works Department,  
 Victoria, B.C., 19th June, 1907. je26

## NOTICE

Is hereby given that I intend to apply at the next sitting of the Board of Commissioners of the City of Victoria for a transfer to Catherine Jane Meldrum of the city of Victoria of the licenses formerly held by James Watson Meldrum, to sell spirituous and fermented liquors by retail upon the premises known as the Avenue Theatre Saloon situate upon Douglas street in Victoria and being a part of the Regent Saloon situate at the corner of Douglas street and Johnson street in the same city.

Dated the 12th day of June, 1907.

G. G. MELDRUM,  
 Administrator of the estate of James Watson Meldrum, deceased.

## A BY-LAW

To authorize the Sale of a Portion of the Driving Park not required for Corporate Purposes.

The Municipal Council of the Corporation of the City of Victoria enacts as follows:

1. All that piece or parcel of land situate and being in Victoria District (now Oak Bay Municipality) and being a portion of subdivision eleven of Section 28, Victoria District aforesaid purchased by the Corporation from the Banker Park Company Limited, and which is more particularly described in a map or plan thereof deposited in the office of the City Engineer and numbered 135 may be sold or disposed of by the Council at such times and upon such terms and conditions in all things as the Council may from time to time by resolution determine.

2. It shall be lawful for the Mayor upon the passing of any resolution of the Council sanctioning the terms of sale to execute the same and to sign and deliver to the purchaser, or purchasers, such contract, or contracts, as he may be advised is or are proper for effectuating any sale or sales under the provisions of this By-law; and upon payment of the consideration money upon any sale, to the City Treasurer, to execute and cause the Corporate seal to be affixed to a conveyance of the property sold and any such conveyance when executed, shall effectually vest the lands granted thereby in the purchaser for an estate in fee simple free from all incumbrances but no covenant for title shall be given by or on behalf of the Corporation.

3. All moneys received by the Corporation from the sale of the said described piece of land, or any portion thereof, shall be paid into and form part of the general revenues of the City.

4. This By-law shall before the final passing thereof receive the assent of the electors of the said Corporation in the manner provided for in the Municipal Clauses Act and shall take effect on the day after the final passing thereof by the Council of the said Corporation.

5. This By-law may, for all purposes, be cited as the Sale of Lands Authorization By-Law No. 2, 1907.

Passed the Municipal Council the 17th day of June, 1907.

NOTICE.

Take notice that the above is a true copy of the proposed By-law, upon which the vote of the Municipality will be taken at the Public Market Building, Cornerant Street, in Room No. 7, on Wednesday, the 3rd day of July, 1907, that the poll will be kept open between the hours of 9 a.m. and 7 p.m. and that William W. Northcott has been appointed the Returning Officer of the said vote.

WELLINGTON J. DOWLER,  
 City Clerk's Office, Victoria, B.C., June 19th, 1907.

## A BY-LAW

To authorize the Sale of the Eastern portion of the James Bay Mud Flats, not required for Corporate purposes.

The Municipal Council of the Corporation of the City of Victoria enacts as follows:

1. All that piece or parcel of land situate in the City of Victoria, and being all that portion of the James Bay Mud Flats, property of the Corporation as is situate to the Eastward of the continuation of Douglas street and is more particularly described in the map or plan deposited in the office of the City Engineer and numbered 135 may be sold or disposed of by the Council at such times and upon such terms and conditions in all things as the Council may from time to time by resolution determine.

2. It shall be lawful for the Mayor, after the passing of any resolution of the Council sanctioning the terms of sale to execute the same and to sign and deliver to the purchaser such contract as he may be advised is proper for effectuating any sale under the provisions of this By-law; and upon payment of the consideration money upon any sale, to the City Treasurer, to execute and cause the Corporate seal to be affixed to a conveyance of the property sold and any such conveyance when executed, shall effectually vest the lands granted thereby in the purchaser for an estate in fee simple free from all incumbrances but no covenant for title shall be given by or on behalf of the Corporation.

3. All moneys received by the Corporation from the sale of the said described piece of land, or any portion thereof, shall be paid into and form part of the general revenues of the City.

4. This By-law shall before the final passing thereof receive the assent of the electors of the said Corporation in the manner provided for in the Municipal Clauses Act and shall take effect on the day after the final passing thereof by the Council of the said Corporation.

5. This By-law may, for all purposes, be cited as the Sale of Lands Authorization By-Law No. 2, 1907.

Passed the Municipal Council the 17th day of June, 1907.

NOTICE.

Take notice that the above is a true copy of the proposed By-law, upon which the vote of the Municipality will be taken at the Public Market Building, Cornerant Street, in Room No. 7, on Wednesday, the 3rd day of July, 1907; that the poll will be kept open between the hours of 9 a.m. and 7 p.m. and that William W. Northcott has been appointed the Returning Officer of the said vote.

### ANOTHER PARTY OF JAPANESE COMING

Several Who Accompanied Prince Fushimi to London Are En Route

Another party of distinguished Japanese will be in Victoria on August 6, according to the present programme. Admiral Baron Yamomoto, who was minister of the navy for Japan during the recent war, General Baron Nishiki of the Japanese army holding the rank of inspector general of the military education, Col. Matsushita, chief of staff for General Oku, commander-in-chief of the Japanese army, Capt. Takarabe, of the Japanese navy and son-in-law of Admiral Yamomoto, and Captains Kato and Ukada, secretaries, who accompanied Prince Fushimi to England on Tuesday for New York on their way across the continent. They expect to sail for Japan by the steamer Aki Maru which will leave this port for Yokohama on August 6.

Admiral Baron Yamomoto was minister of the navy for several years until the composition of the present Satonji Ministry. He is one of the Generals, or older statesmen, enjoying the confidence of the Mikado, and is believed to be one of the coming premiers of Japan. His knowledge of naval affairs was learned in British and German warships. He is a member of the supreme war council and had much to do with the planning of naval actions during the recent war. He speaks English perfectly and is a thorough student of English literature and affairs. Like Admiral Togo and other of Japan's most famous fighting men he is a member of the Satsuma clan and of Samurai forebears. In 1884 at the time of the attack on the Japanese legation at Seoul the first event of the series which brought on the war with China ten years later, he commanded the cruiser Takawo. Subsequently he commanded the Naniwa, giving place to admiral, then Captain Togo, on that vessel shortly before Togo fired the first shot of the China-Japanese war when the Maniwa sun's transport Kowshing.

General Baron Nishiki is inspector general of military education and is a Satsuma Samurai. During the China-Japan war he commanded the second brigade of Tokyo in the capture of Port Arthur and at other engagements of the war. At its close he was created a baron. Like many Japanese officers he is a poet, writing largely in both the classical Chinese style and the popular haikai of the day. His songs of the China-Japanese war were largely circulated. During the Russo-Japanese war he had command of the second division of the First army under General Kuroki and took part in the Yalu and subsequent battles. It was at Yangtseling, when General Keller was killed, that he won most admiration, his work in that battle calling forth a much desired kanjo, or imperial receipt of commendation. He was then lieutenant-general, but towards the close of the war was promoted to the rank of general, and at the close of the campaign became commander of the Linotung garrison. When the war honors were recently distributed General Nishiki received the order of the Golden Kite and Grand Gordon of the Rising Sun.

Col. Matsushita is an infantry officer, and is considered among the rising military officers of Nippon. He, with Capt. Jaro Usonomiyu, was the first of the Japanese officers to pay a visit to British troops, going on a tour of army posts in India. He is a departmental chief of the general staff of General Oku, who replaced Baron Kodama as head of the Japanese army. Until the middle of the Russo-Japanese war he served as assistant chief of General Kuroki's staff.

Capt. Takarabe is a naval officer who served in the naval department at Tokyo during the war, being one of the censors appointed to overlook correspondence (telegram) regarding naval affairs. He is a son-in-law of Baron Yamamoto. Capt. Takarabe has been a member of the reception committee on most occasions when visiting dignitaries have gone to Japan.

Capt. Kato is secretary to the Baron Yamamoto and Capt. Ukada, who is

#### HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere—seemed never to achieve a healthy growth?

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You must look to the cause of the trouble—It's a germ at the roots of your hair which causes it to fall out. Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes, 50c. and \$1. C. H. Bowes & Co., 98 Government street, Special Agents.

Starts Next Friday

Hon. Alexander Henderson, commissioner to the Yukon will leave for the north next Friday. On his return to Vancouver several days ago from Ottawa, where he was sworn in as commissioner. Mr. Henderson could not set the date of his departure as the was not quite sure when he would have wound up his private affairs in this city. Now, however, Mr. Henderson states he will be ready to start for Dawson next Friday. He will sail on the C. P. R. steamer Princess Beatrice and should reach Dawson by July 14 or 15.

### CITY CHURCHES
